ASVAB Secrets and I received a 55 on my test. Alot better than my 35 before. I have signed for a job in communications with the Marine Corps

Without ASVAB Secrets study guide I wouldn't have got the score I got. I just took the ASVAB test recently and I got an awesome score! ASVAB Secrets helped realize things I wouldn't have noticed before and it saved me. It was a real Blessing =)

I'm taking the asvab in March. And this book definitely made me feel more confident! Very informative with great strategies. It's not like any other study guide I've had its a lot thinner and gets straight to the point. This is what you need to know

I recently bought this study guide and the moment i started reading into it i could tell this would be a great study guide. Its straight to the point and very informative. I noticed right away that its not a huge book because they left out extra unnecessary details that make a study guild seem like its got all the answer. I will take the asvab in 3 weeks and with this guide im sure i will ace the test

This study guide for the ASVAB is by far the BEST. It's very informative. It has strategies and techniques to attack the exam that will make you feel more confident. I'm very glad to have this book. Awesome Investment!! This book is by far the BEST guide to have. Its very informative and it

has different techniques to tackle the ASVAB. It even includes a BONUS website that is also very helpful.

I placed an order for the Asvab Secrets Study Guide and I admit I'm excited! First taking the Asvab out of High School two years later I had no idea what it would be like its not on paper but a computer and I didnt prepare myself well scoring a 35, passing but not what I wanted for myself. So Ive heard good things about this book and can not wait to score higher with a little better help!

I bought this for my son who is headed to the reserves after high school. Besides using this for his ASVAB studies, he's found the tips of test taking very useful for his high school classes. He studies one section for a period of time then I test him. So far, after studying each section over a short period, he's getting 100 on each set. I'm thrilled I found this study guide for him. His confidence level is high now.

This study guide is what it claims to be...fluff free and comprehensive. Some study guides give you a lot of stuff you don't really need just to make themselves look thicker and fuller. And then you have to waste a lot of time weeding through it all trying to figure out what's good and what's padding. This guide has the information you need and that's that. It's really comprehensive, though, and doesn't leave things out at the same time. Plus, it has some other great tips like study secrets and test mistakes to avoid. And even better yet, none of it costs much! And you get it all in one guide.
