Customer Reviews

The title of this book is misleading, because when I hear the word "teen," I usually think of pink glitter, sleep over parties, and garish makeup. Apparently that's not what Linda Mason thinks of

when she hears the word. The book is well-written, with detailed descriptions of all makeup application techniques and makeup items, and she assumes nothing of the reader. The techniques she demonstrates are useful for everyday wear and perfect for anyone that's had trouble coordinating their eye and lip makeup without looking like a clown. Moreover, Mason includes girls of many races, with different facial structures, hair and eye colors, and recommends makeup techniques for almost all of them. Overall, this book is perfect for teens and adults alike - the only reason I gave it 4 out of 5 stars is that she sometimes assumes that consumers have more access to professional makeup than they do (she advocates mixing primary colors in addition to using pre-mixed ones, etc). Give this book a try; you won't regret it.

This book is very detailed and has tons of info about certain products and certain techniques about applying makeup. But most girls don't wear makeup like that because it looks phony and cheesy so in conclusion, good info, cheesy unrealistic photos.

I bought for my daughter and she looked at it and said it was not very helpful for any purpose of doing makeup different ways, she knew everything in this book and more.

Some of the looks are for people older than teenagers. Some of the looks are not for every day use, more for dress up and halloween.

I bought this for my 15 year old and she thanked me. I think anyone with a teen would know that a thank you says it all. If your daughter is wearing makeup and you're tired of doing battle with her over it, BUY HER THIS BOOK!

Wasn't what I thought it would be.

Great photos and easy to read, purchased for a tween birthday gift along with other things to go into a make up goodie bag, she will love this book. Thank you!

It arrived severely water damaged
