Busy Chickens (A Busy Book)

Synopsis

The beloved "Busy Animals" board book series has an irresistible new look! Busy chickens are squawking, perching, leaping, and more! Vivid, full-color photographs will keep toddlers engaged as they imitate the many actions the chickens are doing. Join the fun!

ISBN-13: 978-0717289400

Product Dimensions: 6 x 0.4 x 4.2 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars " See all reviews" (19 customer reviews)

Best Sellers Rank: #97,183 in Books (See Top 100 in Books) #10 in " Books > Science & Math > Biological Sciences > Animals > Bears #84 in " Books > Children's Books > Animals > Ducks & Other Waterfowl #248 in " Books > Children's Books > Animals > Birds

Grade Level: Preschool and up

Customer Reviews

We first bought "Busy Busy Penguins" and it was quickly my son's favorite book. So, we also got "Busy Busy Chickens", "Busy Busy Doggies" and "Busy Busy Barnyard". The penguin book is the best but others are also cute. Very durable board books with real photos of animals doing all sorts of things. The words rhyme and are not more advanced words that you expect in a boardbook, but I think it's good for them to hear different sounds, so I like that. These are a good value set.

Purchased this for 5 mo old grandson. Had read on line about which books babies like, sing song type of rhyming. I understand this is his favorite out of the three I purchased. The author takes photos of animals and then adds a few words on each page rhyming them. Has done chickens, penguins, dogs, cats, etc. Well worth purchasing.

Busy Chickens is the most adorable board book! Numerous fun and amusing chicken situations make the reader laugh out loud! The photography is surprising and excellent in its content. I look

forward to owning the entire collection!

This is the first children's book I have ever laid eyes on that has been written solely about chickens. Some board books can be a bit, well, boring. This one is anything but! If asked, I would have said chickens to be brown. In fact, they come in dozens of colors - spotted, speckled and striped. Toddlers will sit right up and take notice of the brilliant colors and bold plumage. In addition to being colorful, it turns out these chickens are leading pretty busy lives. It isn't all egg laying and pecking in the dust down on the farm. These lively chicks particularly enjoy rhyming and therefore lay claim to plenty of grooming and zooming, searching and perching, flapping and napping. Everyone can agree that young chicks are absolutely adorable (doubters, see Exhibit A above) but full grown chickens don't get nearly enough credit. They are such an ubiquitous animal that it takes a focused book like this to remind us how extraordinary they can be. Summed up, this board book puts on a show that will inspire your toddler to start cheeping and leaping about your house in no time. Busy Chickens is the tenth book in the popular "Busy" series from Tricycle Press. An excellent addition!

Every book in this series has been a hit at our house. We checked out Busy Monkeys at our local library, and it became a scavenger hunt to find more titles whenever we visited a new library or different branch. We got them for my toddler, but my 8 and 13-yr. old love them too! Great photography--makes you say "awwww" or just giggle, and the rhyming words are creative and fun. Busy Chickens will be in the Easter basket from Nana!

Our 18 month old daughter has loved these books since she turned one. We have several 'busy' books and she enjoys them all. I don't mind reading these over some other books because the pictures are nice and they books are short enough that they hold her attention.

Although the book is for my almost 2 year old son, I love it more than he does! His passion is DOGGIES, and I love CHICKENS! So, it's hit with me! The pictures are darling, the phrases adorable, and all in all, a fantastic little board book!

This was a perfect Easter basket addition for my son! We have four hens that he loves so he definitely enjoyed this book. Very cute and good pictures.
