The Chicken Whisperer's Guide To Keeping Chickens: Everything You Need To Know . . . And Didn't Know You Needed To Know About Backyard And Urban Chickens

Synopsis

Are you looking for a great way to reconnect with the earth, the community, and your food sources? Keeping backyard chickens is a fun, simple way to start making this happen, even with limited space in your backyard. Let the Chicken Whisperer (poultry personality Andy Schneider) teach you everything he knows and everything you need to know about raising a backyard flock! Ditch the super-technical manuals and enjoy Andy's unique, common-sense perspective in The Chicken Whisperer's Guide to Keeping Chickens. This fun, comprehensive guide is a perfect fit for your busy lifestyle. Inside, you'll learn: "The Benefits of a Backyard Chicken Flock" "So You're Eggspecting: The Art of Incubation" "The Art of Brooding" "Home Sweet Home: Coops & Runs" "Nutrition, Health, and Wellness" and much more!

ISBN-13: 978-1592537280

Product Dimensions: 8 x 0.5 x 9 inches

Shipping Weight: 1.3 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (71 customer reviews)

Best Sellers Rank: #78,886 in Books (See Top 100 in Books) #30 in [Books > Science & Math > Nature & Ecology > Animal Rights](#) #45 in [Books > Textbooks > Science & Mathematics > Agriculture](#) #64 in [Books > Science & Math > Biological Sciences > Animals > Mammals](#)

Customer Reviews

With the resurgence of people interested in growing their own food and knowing the actual raising process, whether it be lettuce or chickens, guides such as this one are welcome and quite useful. The term "chicken whisperer" in the title is a bit of a misnomer as many might expect some sort of dialogue on how to speak to your flock much as Nicholas Evan's horse whisperer talk to horses. No, you won't be whispering to your chickens, but you definitely will know how to take care of them. In part, I see this as a decision making guide for many. Do I really want to raise chickens? One of the first considerations you must consider, even before considering purchasing this book, is whether or not your municipality will even allow you to raise chickens. Additionally there are your neighbors. Mind you, I'm live in a rural area and am zoned residential and agricultural as are many of my

neighbors. The mixed zoning is creating some animosity. Let's just say that the animal life around here is not welcomed by all in the village. "Can you smell that?!!" If you really want to raise chickens and have green light (think about that rooster) then by all means I'd consider this book. There is a nice section on the selection of breeds that will mesh well with your personality, the type and color of eggs you might prefer, or even the beauty of them. You'll be able to read about several breeds, their appearance, personality, popularity, and will be able to see a full-color photograph of one. Do you know which kind of hen lays brown-shelled eggs? It's quite simple, but you'll have to read the book to find out.
