Customer Reviews

Of all of the textbooks utilized in obtaining my B.S. in Healthcare Management, this book was my favorite and helped to guide me to the area of work I wanted to pursue. The project that my professor assigned was aided greatly by the practical information offered in the text and helped me to achieve knowledge that will help me to practice skills that are valued in the medical field.

Received book on time and in good condition. Seller was clear and truthful about book condition. I am very pleased and happy, how it all turned out. I will order from this seller again and again. Great job. *Risk Management in Health Care Institutions, Second Edition: A Strategic Approach*

I purchased this book when I enrolled for an on line risk management course. The book was

comprehensive and helpful with the additional study assignments required by the course.

this is and easy to understand and easy to read. You don't need a dictionary to translate the information which is good if you are going to school and working full time!

This was a great value to me as every penny I save on books is a penny earned for me. I have had excellent experience buying my books on . Great buy!

Very practical and easy to understand. Covers every aspects related to health services. Also useful in understanding current american issues.

This book served me well and I really really enjoyed the class. Risk management is a very interesting field to become involved in.

I am very Sastified with this product, Have no complaints, and will gladly do business with this seller in the future if needed...
