Magickal Attack: Silence, Bind And Crush Your Enemies With The Art Of Occult Warfare

Synopsis

Let magick set you free from the people who bring you down. Difficult people make life unbearable. Whether you're dealing with a cruel boss, a bully or a gossip, you need freedom and peace. With the dark magick in this book you can silence, bind and curse the people that have made you unhappy. People are jealous, petty and cruel, and their mean-spirited actions are holding you back. Use magick to be untouched by the heartless. The eldest member of The Gallery of Magick, Gordon Winterfield, has a lifetime of experience dealing with troublesome people. He says, "You can turn the other cheek, but why should you? It is your divine right to remove people who get in the way of your true will." Using angels and demons, *Magickal Attack* gives you a fast, safe way to take control of those who try to run your life. Winterfield goes on to say, "If you have courage, you have the opportunity to use magick to go on the attack and silence those who would spread lies; bind those who would spread malice; crush those who would do you harm." The magick presented here is unique. Derived from tradition and refined in the furnace of experience, these dark workings have never been made public before. Some of the images, sigils and talismans in the paperback are presented in color, and the paperback has large pages, which makes the images much more striking. Without any complicated ceremonies, Winterfield has developed a magickal system that gets your commands to the demons without any danger to yourself. You will discover: A Ritual To Wield Power that keeps you safe. Rituals to find enemies, foil plans and send torment. Magick to silence gossip and lies. A powerful binding ritual to stop an enemy from causing harm. The Master Curse, to punish without restraint. The ritual to end a relationship. The book also covers Disruption Magick, used to confuse, weaken or make others leave you undisturbed. Most importantly, the book concludes with a peace ritual, which can be used to prevent a fight from ever taking place or to bring commanding peace when you are victorious. When you gain control over those who have chosen to hurt you, you are executing an act of justice. There is great spiritual growth to be found in this dark magick, as well as the peace that you deserve.

Customer Reviews

I had some major trouble with 7 bullies who wouldn't stop harassing and threatening over a period of 6 months. They apparently had issues with my disability. No amount of reasoning with them could persuade them to stop. I used some of the potent rituals in Gordon's book and they DID Stop. None of them have apparently come to harm but certainly trouble of some kind has visited upon them! What I like the most about Gordon's style of writing is he states clearly that his book is about bringing a sense of Justice and Peace back into the lives of those people living under duress, from threatening people whom do not understand the word of 'No' ..this is not a book of blind rage and endless vengeance, but a book of rituals designed purely to restore the scales of balance into damaged lives. If I could rate this book higher than 5 Stars-i would, I would happily buy all future books from the Gallery of Magick-these writers are Real People! :-)

'Oh ,it works.....whoops.' Don't just try these workings out of idle curiosity as they do work.I like that there are nuances in the workings,it's not just 'drag 'em off to hell'.I did one of the lesser rituals and it worked without a doubt but interestingly it had a totally positive effect in the end and actually brought about 'an end to hostilities' which I was working on from Zanna's book.Go figure,An Amazing book.

Literally the day after I purchased and read Mr. Winterfield's first book, I had an altercation with a co-worker that could have proved very messy. He was angry with me, and seemed unwilling to reconcile. I went home that night, did a Tarot reading to see what the result would be if I performed some rituals from this book, and got a very good outcome. So I performed the binding and reconciliation spells, and the next day said co-worker went from hostile and unwilling to talk to, quite frankly, a kitty cat. We talked through our problems and cleared the air, just as I had desired.A big thank you to Mr. Winterfield and the gracious spirits who have worked on my behalf. This is a book every magician should have in their library.

I've had this book since the day of release but wanted to try a ritual before writing the review. I have to say I am very happy with how easy it is to complete the rituals AND obtain such quick results. The sigils are very clear and every ritual is well explained. If you follow everything as written, you WILL obtain a result. It works so be sure you truly want what you desire.

MAGICKAL ATTACK:..is NO JOKE. You must be careful when invoking this MAGICK because it WILL DO EXACTLY WHAT YOU INTEND IT TO DO. So use is cautiously and only in dire straits. Mr. Gordon Winterfield is one of the senior members of THE GALLERY OF MAGICK and is highly proficient in his writings and teachings. Along with DAMON BRAND also senior member of THE GALLERY OF MAGICK, whose teachings works instantaneously! Do yourself a favor and join this organization, buy ALL the books, study, study, then study some more, work the rituals as instructed, sit back and quickly see results manifested. HIGHLY RECOMMENDED..

It works, which is what's important. The other plus-es in the book is that it's clear and the rituals are easy to perform. The author makes it easier for you to decide and have the resolve to attack when one's security and peace are threatened. There are many "bad" people out there who are not black magicians but they make your life miserable and they are worse than black magicians and are just downright mean-spirited. They plot and devise every way to destroy everything you have. I have tried doing it the legal way but that hasn't given me the peace and justice except spending money on lawsuits. It's about time to fight back! I also tried the silence one's enemy (for 2 different people) for someone I know. She was relentlessly bullied and harassed (via Facebook, text messages, phone calls) everyday. After the rituals, they just totally disappeared the following day, and they have not contacted her to this day as if she was invisible or they completely lost interest in her. Just doing the rituals make me feel better already and released the pain and anger.

Since purchasing last week I did three rituals/ spells so far and as with all gallery of magick books they work and they are not at all difficult to do.... The gallery never dissapoints..

Tremendous and thorough gift of knowledge and practical applications of ritual magical. The real deal. Does not disappoint. Highly recommended.
