## Synopsis

The seventh and final book in the #1 New York Times bestselling I Am Number Four series! With *United as One*, this action-packed series comes to a surprising, breathtaking, and utterly satisfying conclusion. The Garde didn't start this war, but they'll do whatever it takes to end it once and for all. . . .The Mogadorians have invaded Earth. Their warships loom over our most populated cities, and no country will risk taking them head on. The Garde are all that stand in the way, but they'll need an army of their own to win this fight. They've teamed up with the US military, but it might not be enough. The Garde need reinforcements, and they've found them in the most unexpected place. Teenagers from across the globe, like John Smith's best friend, Sam, have developed abilities. So John and the others must get to them before the Mogs, because if they don't their enemies will use these gifted teens for their own sinister plan. But after all the Mogadorians have taken from John—his home, his family, his friends, and the person he loves most—he might not want to put any more lives in danger. He's got nothing left to lose, and he's just discovered he has been given an incredible new Legacy. Now he can turn himself into the ultimate weapon. So will he risk his life to save the world, or will he realize that power in numbers will save us all?

## Customer Reviews

I have been anxiously awaiting this book since the moment I finished *The Fate of Ten* a year ago. In

anticipation of the release I re-read all the books in the series, including all The Lost Files. I was pumped, ready for this book to hit the shelf, so much so that I actually ordered an ebook copy & a hardback copy...just in case the hardback arrived late, so I could still start it. And I did start reading it as soon as midnight rolled over on the 28th. It did not disappoint me at all. A few tiny details bothered me, I'll explain...SPOILERS AHEAD-Mark James- His death was so, just blah. In the start of the book, and the end of the last one, Mark is super involved, then Sarah dies. He & John argue & at the start of UAO John asks Mark to take Sarah's body home to her family. He gets Mark a car, but let's him do this alone...really John? You're in the middle of a war & you let an ally drive off alone? No concern as to what happens to him? You couldn't spare 1 agent as an escort? Seemed shortsighted to send a grieving, non-powered human, who happened to be the deceased's ex-BF on such an errand, to a place that might still be crawling with enemies...it's like BEGGING for him to get F-ed up. And he did. His death almost felt like an afterthought, like, "hey...wait, we forgot about Mark...so, he dies here." Yes, I know this was built into the plot as a device to slow John & simultaneously push him forward...but it felt cheap in regards to Mark's demise. Yeah, it worked by busting up the Patience Creek hideout & group, injuring John & killing countless allies, but it wrapped up Mark's storyline in a way that felt like maybe the author forgot about Mark & hastily wrote in his death.
