The Inside Story (The Sisters Grimm, Book 8)

Synopsis

After the shocking ending of *The Everafter War*, this book, the penultimate one in the series, picks up with Sabrina, Daphne, and Puck stuck in the Book of Everafter, where all the fairy tales are stored and enchanted characters can change their destinies. The girls (and Puck) must chase the Master through a series of stories, where they're willing to change what they must in order to save their baby brother. Soon, however, they are confronted by the Editor "the book's guardian" who, along with an army of tiny monsters known as Revisers, threatens the children with dire consequences if they don't stick to the stories. As they chase their quarry and dodge the Revisers, they meet Alice, Mowgli, Jack the Giant Killer, Hansel and Gretel, the Headless Horseman, and others. But will they find their brother in time?

Book Information

Series: The Sisters Grimm (Book 8)

Paperback: 288 pages

Publisher: Amulet Paperbacks (May 1, 2011)

Language: English

ISBN-10: 0810997266

ISBN-13: 978-0810997264

Product Dimensions: 5.5 x 0.8 x 7 inches

Shipping Weight: 9.6 ounces (View shipping rates and policies)

Customer Reviews

I can't even begin to describe how phenomenal this book was. Puck and Sabrina are freaking adorable AND still hilarious. The book's 'romance' side was a lot stronger than in the previous ones (where it was building up tortuously slowly) though not overdone, and still very child-appropriate. Sabrina and Puck are definitely on my all-time favorite book couples list. Anyway. On to my very long-winded gushing of the book's awesomeness. The book starts with the girls having been transported to the Book of Everafter, and basically they run around from story to story, chasing Pinocchio. I wouldn't say they were chasing Mirror, because they don't really catch up to him for a long time. Pinocchio, on the other hand, is around a lot. Trixie Grimm, another Grimm ancestor, is

mentioned for the first time. I would say more, but I don't want to spoil the story line. In Michael Buckley's typical style, he blends a lot of humor into it (I appreciated Daphne coming up with a new name for the baby every time you turn around--I was a fan of 'Oohg' and 'Carmine' especially). As I said, Puck and Sabrina are hilarious (He's started teasing her endlessly about the wedding plans, and her reactions are pretty epic at moments) and of course the rest of the family is as Grimm-tastic as usual. (See how I incorporated some Daphne-ish into my review? Mad skills!) The adventure was naturally fairy-tale infused, and while the excitement was lower than some other books (arguing with the Editor and avoiding revisers does not achieve the same level of sinister-ish-ness as battling the Scarlet Hand. Sorry, but it just doesn't) it was still pretty good. I read the book yesterday, and if it weren't for my immense homework load I would have already read it at least twice more. Also, I really like that Sabrina was less of a, well, b**** in this book than in the others. It's really the only word I can use to describe it. She's careful to ask people's opinions more, and she doesn't always insist on making the decisions herself, which meant the book did not have the same depressing lows of the others (in which Sabrina always screwed someone over and regretted it, but turned around and did the same thing in the next book again...) Also, it was nice that she FINALLY learned from her mistakes. Her character had to grow up a little eventually. I mean, come on. And I was very glad that, despite being more considerate, she did not lose her sarcasm and general obnoxiousness. She was a better person, but still highly entertaining. I hope this review was somewhat informative, even if I dwelled mostly on the subjects that appealed most to my book-loving, 14-year-old mind. I totally say buy this book (though the rest of the series should be read first, obv.) and while the reading level isn't very high, I think even adults could enjoy these. It's not the level that makes them fantastic, but the awesome storyline and the very real characters that makes The Sisters Grimm stand out as one of my favorite book series of all time. Who says 8th graders can't read children's

books? Pshhh.: DBUYITBUYITBUYITBUYITBUYITBUYITBUYITBUYITBUYITBUYITBUYIT!!!!!!-annika

I couldn't put it down the first time I was reading it! "The Inside Story" is a perfect fantasy novel for me: it has an intriguing plot with battles and mysteries and magic. Nevertheless it doesn't seem too scary: the humorous episodes make it bright and colorful. I am very glad Sabrina finally improves her character and learns how to deal with other people and respect them. In this book, the Sisters Grimm can be called a really good and friendly team. "The Inside Story" is one of the most thrilling books ever! (This is written by my 13-year-old daughter)

This is an excellent fantasy/adventure series for the young and the young at heart. Book eight has started to answer some of the questions that surfaces over the course to the story line. We are all waiting for the conclusion which should be in the next book. Two thumbs up!

My daughter and I have read this series together since book one. She is thirteen now, and we're still having fun with the adventures of the Grimm girls. We loved the travels through the different stories. Can't wait until the next one!

I had initially purchased this series for my 10 yr old, but my 12 yr old ran out of books to read so he read the series. He said that while it was a well written, exciting series, it contained many dark images and themes that might not be appropriate for younger kids. I will wait until my younger son is a bit older before he reads it. My 12 yr old LOVED the series....

This 9 volume set was a gift for our 11 year old grandson. He is an avid reader but wasn't sure about a series about the "Sisters" Grimm..hahaha. Since we had already bought him the first 3 volumes, he agreed to at least read the first book.. He called 3 days later to let us know he was so sad to have finished the first 3 books and hoped that "Mimi and Papa would send (him) the rest"? Once he received the remaining 6 books it only took him 7 days to read them all!! Highly recommended for your special reader.

By Michael Buckley Illustrated by Peter Furguson Amulet Books/918-0-8109-8430-1/\$15.95 The hilarious hijinx of the Grimm family continue as Sabrina and Daphne, the two lovable Grimm sisters, embark on yet another daring mission. This time, they're in the mysterious Book of Everafter, chasing Mirror, leader of The Scarlet Hand. And they're about to discover that, even in a storybook, there's danger (and great pranking opportunities) around every corner... but they're the Sisters Grimm- what could happen? Humerous, fast-paced and sure to keep young readers on the edge of their seats.

I've read all of the Sisters Grimm books so far, and I have loved every single one of them! This one was brilliant-as per usual. It was hard to wait a year for this book to come out, but when I finally got my copy-I was really brought back to life. Even though Briar Rose wasn't, my love of reading and fairy-tales has! Puck was so funny in this book. His jokes about Sabrina and his wedding made me laugh out loud. Daphne was so darn cute as usual, and Sabrina very leader-ish. Ooh! Now I'm

making up words like Daphne, ha. Overall-awesome book!~Lara
