The Skin I'm In

Synopsis

Maleeka suffers every day from the taunts of the other kids in her class. If they're not getting at her about her homemade clothes or her good grades, it's about her dark, black skin. When a new teacher, whose face is blotched with a startling white patch, starts at their school, Maleeka can see there is bound to be trouble for her too. But the new teacher's attitude surprises Maleeka. Miss Saunders loves the skin she's in. Can Maleeka learn to do the same?

May-18-2005 I never been teased about my skin color, but I feel like I know a girl who has Maleeka Madison, is the main character in the book call The Skin I'm In, by Sharon G. Flake (1998). Maleeka Madison is a 13 year old girl that gets teased about how extremely dark her skin color is and how she dresses. Maleeka meets a teacher name Ms. Saunders who teaches her how to love who she is and how to deal with bullies. MCclenton Middle school is where Maleeka attends that's where she gets all her problems from with a few kids. John-John, Char, and the twins Raise and Riana. Hose are the few kids that give her the biggest problems John-John makes up songs about her skin color. Char runs over, she scares her to deaf, and the twins just do whatever Char tells them what to do. The Skin I'm In is a book based on life lessons. Like Maleeka always had a problem about how she was born with dark skin color. Until, one day she mat a teacher name Ms. Saunders. Ms. Saunders

also has the same problem as Maleeka she gets teased because she has a birthmark on her face. The students call her a two-faced monster; they tell her she is half alien. Maleeka and Ms. Saunders get along very well. This book can really teach teenage girls some lessons like don't down touch yourself and don't let other people down talk you. Don't ever feel bad about your skin complexion or how you dress because if you do you are letting other people run your life. Maleeka had got so tired of people talking about her so she did something that will prove to her school she can be very hard. She did that just to take the attention off her skin color, and the attention focus on how tough she is. I will give this book five big stars.
