Customer Reviews

This kit includes a full color book and a ton of tools, stick ons, etc to get you started on your brand new hobby! This is a great little kit especially for beginners since it has stuff to get you started on nail art right away. If your nail art skill level is intermediate to advanced I'd say you probably know the nail art tools and tricks fairly well. However, this box has so many stick ons, studs, etc I can tell you the approx 10-12bucks will pay for itself in tools alone. So if you're looking to learn nail art or just want to add some cool stickons and stuff to your already made collection, this kit is for you.

Just getting a book does not mean you will be able to do it. Had to learn this the hard way. I would

love to be able to do these nail arts but it is not for me. Great for some one who is serious and want to practice.

Granddaughter loves to do her nails. This gives her plenty of advice on how to care for and decorate nails. She really liked this kit.

Good for starters. If you're looking for a gift for preteens, this is a great beginner kit and book. This made a great Christmas present for my 12 year old niece

it was ok , but it was all that i thought it was going to be for the price i paid for it, it was just ok.
