# Coding Club Python: Next Steps Level 2

## Synopsis

A unique series that provides a framework for teaching coding skills. Take your Python coding to the next level! Book 2 continues seamlessly on from Python Basics, offering full support and progressive tasks for students who have some basic programming experience and are ready to move on to slightly more challenging material. You will learn how to program and customise a simple calculator and, most importantly, learn essential new programming ideas that will make you a much more accomplished coder. The code is suitable for Mac, Windows and Linux users and therefore compatible with the Raspberry Pi.

## Book Information

Series: Coding Club

Paperback: 106 pages

Publisher: Cambridge University Press; Spi edition (August 19, 2013)

Language: English

ISBN-10: 0521694183

ISBN-13: 978-0521694186

ASIN: 1107623251

Product Dimensions: 6.6 x 0.2 x 9.4 inches

Shipping Weight: 9.9 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #315,806 in Books (See Top 100 in Books) #34 in [Books > Teens >](#)

[Education & Reference > Science & Technology > Computers](#) #139 in [Books > Teens > Hobbies & Games](#) #82407 in [Books > Reference](#)

## Customer Reviews

the book is supposed to be for kids, but I really enjoy the book and I think is a very nice way to introduce programming for young and not so young people

I use it for an afterschool club and the kids like the simplicity of the examples. They are able to understand the concept all while having fun.

Great book in a series to get kids to learn Python programming.
