Customer Reviews

I've owned ultima games since I was 12 years old. I started with ultima V warriors of destiny and soon had to start collecting every game in the series back to ultima II. I have all the cloth maps as well. This book does a great job covering Ultima IV V and VI in great detail with fun stories as well. I would recommend this book to anyone who is a fan of the ultima series and even those that play ultima online would do well to read up on the history of Britannia and really learn where Ultima came from.
