Customer Reviews

I was assigned this book in a combo theology/literature class and I have re-read it several times. It is a great compilation of stories that are absolute jems. It led to many great discussions on religion and writing, character development, and morality. Excellent choice for anyone who wants a read that is at times humorous, others profoundly touching, and deep without being difficult to read.

great anthology for use in an adult sunday school class. wish there were more.
