## Customer Reviews

This series is just part of the series about the people that are Left Behind when the tribulation comes. Just make sure you believe there is a God who was put on the cross to die for our sins and arose 3 days later. You will understand just what is going to happen if you are Left Behind!!!

Due to recent events in the news I felt a strong urge to read the whole series again. When the books first came out, starting with "Left Behind" and though I knew they were obviously based on prophecies and visions described in the old Testament as well as Revelation in the New, they kind of read like Science Fiction, but now, with the fast moving and changing technology reported on a daily basis everything in the series is so real it scares me sometimes. "Armageddon" was missing from my collection (probably borrowed and never returned). I am reading it now, and can hardly put it down. God help us.....

The book arrived in perfect condition and it arrived earlier than I was told to expect it. I know I will thoroughly enjoy the book as I have enjoyed reading the entire series. I would encourage everyone to read it & to purchase the books online. The savings is well worth the wait.

This is a good overview of the Left Behind series. If I had not read all of the books, it would have been fantastic; however, I noticed so much that was missing. If you haven't read the books, it would have been so much better but it was good anyways.

Pretty good, still, even though the appeal of the series is starting to wear thin.

I did not order armagaddon today but several days back. it was a great book and ordered the last one, The Gorious Appearing. Looking forwardto that last book.

Scary how close it is to the Bible! These were written in the 90s I think. Amazing how much of it has come to pass. They are a little corny though.

a wonderful book in the continuing story of the second coming. a great story. a beautiful book.glad I bought it.
