# A Course In Miracles

## Synopsis

It is important for you to know that this is the only complete original edition of A Course in Miracles that the Scribe, Dr. Helen Schucman, authorized to be published by the Foundation for Inner Peace in 1975. Other books with titles such as "The Original Edition" or the "Unedited Edition" contain unsanctioned material from a first or second draft of the Course which Dr. Schucman deleted since it was not meant to be part of the published Course. Only this edition from the Foundation for Inner Peace includes the following copyrighted material: the "Preface", "the Clarification of Terms", and "the Supplements", which Dr. Schucman also scribed. The Supplements are extensions of the Course principles and are titled "Song of Prayer" and "Psychotherapy: Purpose, Process and Practice." The Course, as it is published in this edition and used by three million students worldwide, is a complete self-study spiritual thought system that teaches forgiveness as the road to inner peace and the remembrance of God. A Course in Miracles is available in 25 languages. The English edition is available in hardcover, softcover (9"x6") and paperback (8"x5").

## Customer Reviews

11/28/2012: revised to reduce annoying CAPS, and add explanatory notes---This is the deepest and most profound book I've ever read. And I have a ridiculously large collection of books. It also contains breathtaking concepts, that resonate with the simple, ironic beauty characteristic of profound universal truth. Even the physicists, cosmologists, mathematicians have remarked they use the same criteria of beauty and elegance as a helpful evaluation to help vet new candidate laws of nature. ACIM presents spiritual truths so concise and raw, so pure, that one must often spend

days or weeks (or more) studying + praying + meditating upon a single passage. Then one may begin to achieve first insights into a passage, and begin to apply it directly to one's life. With insight revealed by each passage, you'll become more and more aware of the miraculous spiritual world which is true life (all else being false dream). This book DOES teach miracles. I will offer you an example. In everyday life you cross paths with countless strangers. Many you meet for a moment, and never again. For example, you'll exchange a few casual words of courtesy with the grocery store cashier, as your items are rung up. Somehow it became "normal" to view such interactions as inconsequential; most of us eventually became a bit numb to the souls around us. We don't notice their spiritual and emotional needs. We forgot how to truly see others and to love. Haven't we had enough of "normal" mundane existence! Let's now re-imagine our "inconsequential" daily interactions in a new, deeply spiritual and profound way, transforming these interactions into most consequential miracles.
