# Needless Casualties Of War

## Synopsis

Timeless Classic: Essential must-read! Prayer is a powerful weapon, a two-edged sword, not to be wielded carelessly. Although we have authority as the children of God, how we fight can determine our personal consequences in the battle of the millennium. In this timely book, John Paul Jackson reveals some startling insights that will uncover spiritual strategies of the dark side. Find out how you can protect yourself from Satan's onslaught and escape his unforeseen and unperceived attacks. Endorsed and highly recommended by R.T. Kendall!

## Customer Reviews

John Paul Jackson's teachings have changed my life! This book made me aware of foolish ways I had engaged in spiritual warfare. I changed them immediately! There is so much conflicting information about spiritual warfare today, especially about binding, loosing, and commanding the powers of the enemy. I had never felt completely comfortable with some of the ways I'd been taught to exercise my authority as a believer. After reading *Needless Casualties of War*, I went to the scriptures and asked Holy Spirit to confirm this to me. He did. Then I went to my knees in repentance. I was horrified at how some of my methods of prayer had actually empowered Satan to operate, by attributing more power to him than he has. Now my prayers are not only more effective, but my relationship with the Father is more intimate. As I focus on staying under God's cover and listening for His instructions, He can send me on "strategic" intercessory assignments of His planning and not my presumption. This book has actually saved many ministries and lives, who, like myself, had unknowingly thrown themselves directly in the sights of the enemy's artillery. I have

given this book to many ministers and intercessors. They have thanked me for it. Thank you, John Paul. Thank you! Thank you! Thank you!

Seldom has a book about spiritual warfare been as timely and relevant as this one. I have read many excellent books on the subject, but this really is an absolute must read! Spiritual warfare is an aspect that cannot be avoided by Christians, and wisdom in such matters is absolutely paramount to prevent us from unwittingly falling into Satan's snares and to protect us from Satan's onslaughts. John Paul Jackson examines the parameters of our spiritual authority in facing Satan and his demonic realm, together with the practical guidelines that need to be followed to proceed in such matters on a Biblical basis. A number of real-life stories are referred to in what is a highly recommended read. All Christians need to access the information provided in this book. Kindest regards.

This book really brought me a lot of confidence with regard to spiritual warfare, as it clearly explains boundaries that the Lord gives us. John Paul Jackson did a great job of highlighting the "do's and don't's" in a positive, uplifting way that tells it straight, and I found myself filled with more faith to ask God to move and for his will to be done.

This is a must have book for all intercessors. It gives those prayer warriors the boundaries that we all need. It is not, in any way, limiting but very freeing. This book gave me the ground rules for intercession. I loved it!

There's a lot of misinformation and misunderstandings out there about spiritual warfare, binding and loosing, and all that. What you don't know can kill you! The author painstakingly gives the historical biblical roots of spiritual warfare, starting with Adam and ending with Jesus. He carefully shows where the believer's authorities are and, importantly, where they are not. This level-headed look at a very hot topic today will keep you under God's covering and set you aright in your biblical responsibilities and authorities in conducting spiritual warfare. The focus is where it should be -- on God and on the role model that Jesus provides for us.

*Needless Casualties of War*, is one of the best books in the genre of *Spiritual Warfare* that I have ever read (and I have read many) Sound and informative. This book will help you understand the boundaries and scope of your authority as a Christian, so that you do not go beyond what God

commissions. So many of us Christian can think that because we are saved, under the Blood, and have the authority to use the name of Jesus, we can take on Satan or demonic strong holds by ourselves. What many fail to realize is that when you attempt to attack a high ranking demonic principality without specific instruction from God, you can bring a needless counterattack on themselves or Church that they did not anticipate. Indeed we are called to defend the gospel and take back what the devil has stolen (especially the lost) but let us be wise and always under the commands of our General Jesus Christ. Buy this book!

This book will redefine spiritual warfare for you. You will find the material within is well written and easy to understand with timely prophetic words for the body of Christ in this season. John Paul is a transparent servant of Christ, often highlighting his own mistakes, in order to teach us the right path to walk. There is good fruit from this tree.

This book combats and comes alongside other books available on the market, which have and are leading people into dangerous and unauthorised areas of prayer. It is very well presented and easy to read. It is written in such a way to make it seem as though you are in conversation with John Paul Jackson. A must for every person who prays!
