Lectures On The "I Ching": Constancy And Change (Princeton Legacy Library)

Synopsis

Wilhelm frequently wrote and lectured on the Book of Changes, supplying guidelines to its ideas and ways of thinking. Collected here are four lectures he gave between 1926 and 1929. The lectures are significant not only for what they reveal about Chinese tradition and culture, but also for their reflections of the scholarly and cultural milieu prevalent in Germany during that time. Originally published in 1979. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Book Information

Series: Princeton Legacy Library (Book 2)

Paperback: 216 pages

Publisher: Princeton University Press; Reprint edition (January 21, 1987)

Language: English

ISBN-10: 0691018723

ISBN-13: 978-0691018720

Product Dimensions: 0.5 x 4.8 x 8 inches

Shipping Weight: 8 ounces

Average Customer Review: 5.0 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #352,256 in Books (See Top 100 in Books) #43 in [Books > Religion & Spirituality > New Age & Spirituality > Divination > I Ching](#) #806 in [Books > Religion & Spirituality > Other Eastern Religions & Sacred Texts](#) #3351 in [Books > Medical Books > Psychology > General](#)

Customer Reviews

This book is compiled from some of Richard Wilhelm's lectures on the I Ching and certain topics of Taoist thought. That might seem dry and uninteresting, but that is far from true. The series of lectures is thoroughly engrossing. This is the kind of book who's ideas slowing meld into your unconscious and affect your everyday perceptions. Wilhelm was probably the foremost english-language authority on the I Ching in his time and I believe this work continues to be an essential companion to anyone's study of the I Ching or of the development of Taoist ideas. I

consider it an absolutely fundamental part of my library and do not hesitate to recommend it to anyone interested in the subject matter.

Great book and companion to the IChing
