Reptiles & Amphibians: A Folding Pocket Guide To Familiar North American Species (Pocket Naturalist Guide Series)

Synopsis

From tiny tree frogs and salamanders, to massive alligators and crocodiles, North America is home to over 900 reptiles and 300 amphibian species. This beautifully illustrated guide highlights over 130 familiar and unique species of salamanders, frogs, toads, lizards, snakes, turtles and crocodilians. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by novices and experts alike. Made in the USA.

Customer Reviews

This is a good, sturdy reference for field use. Do to its size, it is limited to 45 snakes, 24 frogs & toads, 18 turtles, 25 lizards, and 3 crocodilians. The color pictures do a adequate job, but the description of each could use a little bit more, such as common locations.

Unlike a bulky book, these North American Nature Guides are compact, durable and portable. Our grandson, age 5, has a collection of them, studies them, and refers to them frequently to identify wildlife.

Good laminated pocket guide. Nice pictures.

good guide book.
