New York Debut

Synopsis

Mix six teenage girls and one '60s fashion icon (retired, of course) in an old Victorian-era boarding home. Add boys and dating, a little high-school angst, and throw in a Kate Spade bag or two . . . and you've got The Carter House Girls, Melody Carlson's new chick lit series for young adults! New York Debut The New Year promises to be lively for the Carter House girls. No sooner does the calendar page turn and the girls are forced to confront a whole load of difficulties. There is constant pressure from Mrs. Carter as the household prepares to participate in the high stakes Spring Fashion Week in New York City. Competition flares from all directions as the girls vie for top billing, premium outfits, and attention from favorite guys. Stresses mount and some personal challenges grow into serious problems. Will the girls survive the big city experience and the even bigger trials that come along with it?

Customer Reviews

I have a few comments about the Carter House Girls series...1) I really like this series. New York Debut is #6 in the series and even though I have missed a couple in the middle I can still enjoy the most recent addition, and enjoy it I did!2) I need to make clear that the Carter House Girls is for YA, but not all YA (young adults). My almost 13 year old is not ready for this series. Period. The characters are diverse and interesting and cover all spectrums and I love the concept. 6 girls from various backgrounds come to Carter House to live while they go to a local high school. While at Carter House they learn about fashion, poise, manners, etc... or they are supposed to. Sounds good

right. So why is it not right for my daughter yet? Melody Carlson deals with real issues in these books. Sadly, they really are real issues, but not issues that my daughter has been exposed to yet and I want to keep it that way for awhile longer. So these books will wait for her patiently on my shelf for the time being.3) So what are some of these issues? Well, the main character, DJ, is a Christian but most of those around her (including her Grandma, Mrs. Carter) are not. Some of the issues dealt with in the books I have read include anorexia, reputations (as in sexual reputations), boyfriends, drinking... in this particular book, one of the girls is coming back from the rehab she checked herself into in the last book. So let me clarify that Melody deals with these issues wonderfully. But at this point my daughter wouldn't even know what rehab is. I definitely recommend this series for high school girls in public school, even college girls and women like myself, but not for the younger girls that haven't been exposed to some of this yet. Just use your common sense and enjoy!

Book 6 in the Carter House Girls series picks up as DJ is being picked up from the airport on her return from Las Vegas (see my review of book 5, *Lost in Las Vegas*). Taylor is noticeably absent and DJ has to share with her grandmother that she is at a rehab facility in California for alcohol abuse. Grandmother is upset and disappointed because she is afraid that Taylor won't make it back in time for Fashion Week in NYC. As school starts up again after New Years, DJ, Rhiannon and Casey begin to notice that Kriti seems to be eating less and working out more. They do an intervention and Kriti confesses that Eliza has been influencing her to lose weight. They convince her she doesn't need to and move her in with DJ - away from Eliza. Grandmother begins having classes on Saturday mornings to teach the girls about etiquette, manners and how to "own" the cat walk. She opens these up to the community and the Carter House girls find themselves spending time with Daisy, a new friend, and Madison and Tina, two old enemies. I had only read book 5 prior to this book (other books in the series include *Mixed Bags*, *Stealing Bradford*, *Homecoming Queen*, and *Viva Vermont*). Again, it was hard to differentiate all the girls at first, and I would not have had a clue had I not read *Lost in Las Vegas*. I don't think it reads well as a stand alone. That being said, it does have good lessons and values for a teenage Christian girl to follow and illustrates how one can turn to God in all sorts of situations. I hope to eventually be able to go back and read the first 4 books in this series. *Bikini Breakdown* is book 7 of this series and it is due out in October 2009.

This installment of the Carter House Girls series highlights teen drinking and eating disorders. Six girls live together in a boarding house and study modeling. Excitement builds as Spring Fashion Week in New York City nears. The girls actually participate by modeling in the show. Some

modeling tips are included. Taylor is in rehab when the story begins. DJ continues to mature in her Christian walk as she influences others for the good. Eliza represents evil and pays for some bad choices. The book ends where the next volume will begin. Most female teens will enjoy this series.
