# The Last Of The Nephilim (Oracles Of Fire, Book 3)

## Synopsis

A single lie is spoken, allowing the Nephilim, a race of giants from ancient times, to invade Second Eden, a peaceful civilization in an alternate dimension. While Earth and Hades are locked in a catastrophic merging of their two realms, the prophet Enoch works to gather an army of humans and dragons from each world to go to war against the Nephilim. Included in that force are a small girl with prophetic power who originated in the depths of Hades; Billy Bannister, the heir of Arthur and hero of the Dragons in our *Midst* series; and Bonnie Silver, his fellow warrior. The two Oracles of Fire, Sapphira and Acacia, are called upon to protect the forces of good, including Bonnie, who is pursued once again by the most powerful of all dragon slayers, Sir Devin, the dragons'™ bane. With giants battling dragons, and a rogue dragon taking the side of the forces of evil, a cataclysmic battle erupts, endangering every life in the land of Second Eden. Another of the Nephilim, the most powerful of all, rises from the dead to join the battle. But whose side will he be on? Abraham, the leader of Second Eden, has a choice, either execute a grieving widow, the woman responsible for the entry of the evil giants, or face the greatest of sacrifices by which he can only delay the inevitable, the ultimate war that could lead the evil forces to the gates of Heaven itself.

## Book Information

Paperback: 440 pages

Publisher: Living Ink Books (July 1, 2008)

Language: English

ISBN-10: 0899578721

ISBN-13: 978-0899578729

Product Dimensions: 6 x 1 x 9 inches

Shipping Weight: 1.3 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (32 customer reviews)

## Customer Reviews

A talking dagger? Bones as instruments of rebirth? Flying a plane into a dimensional portal? Yes, Bryan Davis is at it again. Picking up where Enoch's *Ghost* left off, *Last of the Nephilim* effortlessly weaves old friends and new characters into a gripping tale of betrayal, trust, justice, mercy,

friendship, enemies and more. Surprises and prophecies emerge at every turn as Second Eden is threatened by evil. Readers of the previous books will be amazed at how Davis finally answers the question about Bonnie's wings without revealing her choice from Tears of a Dragon.

"Last of the Nephilim" is the sequel to "Dragons in Our Midst" from the best selling "Oracles of Fire" series. In this masterly crafted Christian fantasy novel Bryan Davis writes comparable to Stephen Lawhead. His characters are reminiscent of Narnia. This strong high fast moving adventure story involves the reader in emotions of conflict, resolution, fear, danger, and inspiration. The plot pits giants against dragons as they invade Second Eden. The forces of good battle the forces of evil in a bitter conflict. I especially appreciate Bryan's clear reinforcement of Biblical values and Christian character throughout his writing. For any new readers of the series, Davis recommends that since the story line extends earlier adventures leading into this multi-dimensional land that "Enoch's Ghost" should be read prior to "Last of the Nephilim." Bryan's books have become favorites of young readers in the genre of Christian fantasy. I am sure "Last of the Nephilim" is on the way to becoming an important influence as it joins the other best selling books in the series.

"This book was AWESOME! Definitely deserving of a place on my bookshelf. I read it under the covers after my lights were supposed to be out it was so good! It wraps up where Enoch's Ghost left off and I can't wait to read more of the adventure!" Adam age 14

This book was amazing! I didn't actually think it'd be as good as the rest, but there I was, on my bed, eating, going out, always constantly reading! It was fantastic and it was even better than the rest of the books!

Last of the Nephilim picks up right where Enoch's Ghost (Oracles of Fire) left off. Literally. There's no getting around it this time. Bryan Davis writes in his author's note that readers are recommended to read the Dragons in Our Midst series and the previous two Oracles of Fire books first. Do it. You'll need them. I mentioned in the title of the review that the book does move a bit more slowly than I'm used to from Bryan Davis. That's okay, though. It gives this wonderfully tense feeling of the roller coaster ratcheting up the chain lift. Then you get to the end, and the roller coaster has stopped looking over the edge of an enormous hill. That's Last of the Nephilim, but don't think of it as a bridge between two books. It's a great story, very worth the read. More deep characters who learn relevant lessons. One complaint: The next and final book doesn't come out 'til next year!

Last of the Nephilim is exciting and thrilling. They're back, Billy and Bonnie are back in the story! The threat of the Nephilim on Earth has passed, and thanks to Karen and Naamah they didn't complete their bridge to Heaven. But the connection between Earth and Hades is still attached which is causing some of the dead in Hades to roam the Earth once again. As well as the nasty Caitiff from the Circles of Seven. Walter, Ashley, and Sapphira learn from Enoch that the only way to sever the attachment between Earth and Hades is that they must go to another dimension called Second Eden, and that the Father of lies himself is about to unleash a war on the peaceful people of that realm. Enoch instructs them to go, but they must send word to all the former Dragons, and the heirs, and friends of King Arthur, they must also come. Billy and his Father, Sir Barlow, Sir Patrick, and Shiloh journey to Montana to meet Sapphira, and she will open the portal to get them to Second Eden. Elam, Acacia, and Paili arrive in Second Eden from Heaven's Alter, where he is prophesied to become the warrior chief. Sapphira is given a very important but trying task, she is asked to stay behind and keep Bonnie hidden from the slayer, and the only place that will protect them is Sapphira's old home in Hades, where they must wait in the lowest realm before they can go to Second Eden. Last of the Nephilim is amazing. The Mercy and Grace displayed in this story is one that will be remembered. A must read, the story continues and ends in book 4 The Bones of Makaidos.

Daughter (age 12) loves the series and couldn't wait to begin the next book. Oracles of Fire is a fantasy series with some biblical themes and principles, but it is not an allegory. It is clean...no language, innocent romance.

I haven't read this yet! Simply because I ordered all 4 books in the series along with several books that completes other series that I have already read. I rated this with 5 stars because I got it so quickly. That was so cool. I expected it to take alot longer. Thumbs up on the expediate response to my purchase.
