## Customer Reviews

Tracy Gallup has a truly unique gift for creating tiny scenes from her imagination! Her little people hold and collect and hide inside or behind seashells in clever, charming little vignettes. Fun for all ages.

Although appearing to be for childrenthe story maintains a depth of fable-truthwith an eternal ending...the pictures are fun and not pretentiousand will appeal to anyone with an attractionto shells...perfect moment....

This is a charming little book, perfect for a child or anyone who loves the beach and sea shells, delightful.

Every summer we borrow this little book from the library. My kids (now 6 and 2) love listening to it.

My grandson loves all the Tracy Gallup "Crazy" books. The photos of real seashells on front and back inside covers are main features for us as we read them together.
