# Anne Of The Island (Anne Of Green Gables)

## Synopsis

One of the most loved characters of all time Leaving home for college is never easy. Yet being on her own and making new friends is more exciting than Anne Shirley every dreamed possible. Not only does she sell her first story, but she also gets a marriage proposal--from the last person she expects. There's never a dull moment when she moves into a cozy cottage with her girlfriends, gets adopted by a troublemaker of a cat, and helps her best friend Diana plan the most beautiful wedding Prince Edward Island has ever seen. Just like Anne's friend Philippa says, something about Anne makes us "long to be better and wiser and stronger." It's no wonder she's a favorite character of everyone from Mark Twain to Duchess Kate and loved by generations of readers around the world. This new edition lovingly restores the original, unabridged text and includes an all-new, exclusive introduction with special memories from L.M. Montgomery's granddaughter.

## Book Information

## Customer Reviews

I love Anne! She was, at times, my greatest friend in the world. I am now in my mid 20's, but I still cherish the memories of the moments Anne and I spent together when I was a child, and regularly revisit her. If someone asked me which Anne book I liked least, I couldn't answer. I loved each and every one more than the next. Anne of the Island is no less wonderful than the books preceding it or following it. Like all the books, it has a blend of humour and poignancy; joy and sorrow. The key drawcards of the Anne books are the characters. They are lovable, good, kind, wholesome folk who make you care about them and want to know what happens next. Incredibly vivid characters, it was

no exaggeration to say that Anne was my childhood best friend - she was as real to me as any person I knew. The cast includes all kinds of interesting guests including the wonderful Miss Patty and Maria with their china dogs, Miss Ada and her cushions, Mrs Skinner and her romance ("Jog along, black mare")... the list goes on. Best of all, our old friends are back - Anne, Gilbert, Pricilla, Diana, Davy and Dora, Marilla and Mrs Lynde, Charlie Sloane, and all those we knew and loved in earlier books. There are also some fabulous new additions to the circle of friends - Stella, Aunt Jimsie and the irrepressible Philippa Gordon. Anne of the Island takes us away from Avonlea to Kingsport, where Anne is attending Redmond College. This new setting doesn't mean that we miss out on Green Gables altogether, as Anne does return home for vacations, but it does give one a sense of moving on. Never again will Anne be a child living under Marilla's roof - she is an adult, and in this book she is beginning to break away from Green Gables in preparation for the next chapter in her life.

I agree with the rest of the reviewers that this book is a page turner, suspenseful, fun, romantic, and all those other fine things. But what I come back to is that this is a story of a bunch of country girls going to COLLEGE in the 1880s. Not twenty years before we had the March girls in "Little Women" who never seemed to seriously consider college as a women's venue. Yet here we have an actively coed college a few hundred miles north of Concord in Nova Scotia. Montgomery alludes to the presence of at least one professor who disapproved of coeds, but they were clearly an accepted part of the community. And it's funny to see both how much and how little college life has changed. Colleges don't have a coed's dressing room any more, and you rarely see ball gowns, or balls for that matter. But there are still lots of students like Anne attending on a shoestring from one year to the next, relying on a summer teaching job this year, a scholarship the next, and a surprise inheritance after that. Coeds (a long forgotten word) still juggle schoolwork and social schedules, and have surprise visitors drop in when they're least prepared. When Anne announces she's made money selling an article, her roomie replies, "Let's go get drunk!" I suppose that's the most subversive line I've seen in a Montgomery work, but it also shows how little campus life has changed. And it also leaves me wondering what Anne might have been like after a few glasses of wine. This may also be the most quotable Montgomery book. I cited the "I can't keep secrets -- it's no use to try" in a recent publication of my own, and that's a pretty pale example.
