The Mirror Of Fire And Dreaming (Brotherhood Of The Conch)

Synopsis

In a pristine valley hidden in the Himalayas, Anand has a disturbing vision. His mentor and spiritual guide, the Master Healer Abhaydatta, is apparently in grave danger. What should he do? If he conveys this information to his elders, he'll waste precious time. But is it wise to take matters into his own hands? Anand makes his choice and embarks on a spectacular adventure that takes him not only across contemporary India but also several hundred years into the past to the time of the Moghul rulers. There he encounters powerful sorcerers, a haughty and arrogant prince, and a jinn capable of unspeakable magic.

Anand is the Keeper of the Conch. He gave up his family and his home so that he can help the world, as a Healer in Silver Valley. His friend Nisha comes with him, the first ever female healer, and the master healer Abhaydatta is one of his instructors. As Anand struggles with his studies, he hears a warning from the wind and views an alarming scene on a wall. The Healers must take action; they know it is their duty to protect the world from the "evil that stirs." Abhaydatta and a young healer called Raj-bahnu embark upon a quest to find this evil, leaving a heart-broken Anand behind. However, just before he leaves, Abhaydatta gives Anand a pearl necklace that will change color if he is in danger. In yet another alarming scene, Anand views Abhaydatta beside a lake with an unconscious Raj-bhanu at his side. He knows they are in danger, but the pearls are nowhere to be found. The Healer's Council will decide upon a course of action in the morning, but Anand knows

that by then it will be too late. The Conch agrees to transport Nisha and Anand to the lake, but something goes slightly awry. Can Anand find the Conch, Abhaydatta, and Nisha before evil destroys the world? The Mirror of Fire and Dreaming expresses just how powerful love can be. Adventure, fantasy, and mystery intertwine to form an exciting novel with many important lessons. Chitra Banerjee Divakaruni has created a world of fantasy that involves so many of life's true feelings and emotions that it seems real; a world full of hardships and triumphs. Readers young and old who love an exciting novel will definitely enjoy The Mirror of Fire and Dreaming, and anyone searching for a book with just the right blend of fantasy and reality has just found the perfect tale.(...)

With rich, sumptuous detail and admirable clarity Chitra Divakaruni draws us into the Conch Bearer Anand's journey for a second time. The difficulties faced and lessons learned by the Brotherhood of the Conch in this newest book combine to create an enchanting story. Both The Conch Bearer and The Mirror of Fire and Dreaming provide vibrant descriptions, especially concerning culture and food. These books are delightful adventures wholesome enough for any age group to enjoy. Happy Reading

This book, the sequel to The Conch Bearer, mixes the sense of excitement that every book needs, a wonderful use of magic realism (which is illustrated by the fact that Anand, the main character, travels from the present day India to the ancient India, whose realistic features are marred by the fact that Anand is a magician) , an overhanging gloom and really, really, really great writing. This was one of my favorite books and I would definitely recommend it to anyone!!!

In the same spirit as Harry Potter, but with a firm grounding in traditional South Asian fairy tales, this series is a well spun yarn. If your child has gotten past picture books, I highly recommend these three books, it also works well as the bed time chapter by chapter story read outloud. It's got that essence that always appeals to older children, a complicated adventure WITHOUT parents. In some ways, superior to the more well known Harry Potter series, this series conveys a package of Indian social and family values, there's more than one important moral taught. There's a similarity in terms of the importance of loyalty among friends, but a distinct difference in the sense that this series of books teaches that violence is not an appropriate answer. It's an interesting enough tale, with wonderful characters, I also recommend the book to those adults, with or without children, who read young adult fiction (well written young adult fiction).

This is one of the best books I have read. I loved the Indian culture connection. I loved it when they went back in time. It is an amazing book.
