Because I am a girl I can change the world.
###An initiative of Plan International, *Because I am a Girl* organizes and funds projects that create better lives for girls, young women, and their communities around the world. Girls in different environments have different needs, so these projects cover everything from clean water and nutrition to education and microfinance. • Some of the current projects include improving accessibility to primary and secondary education in Burkina Faso and Ethiopia;

combating child labor in India; and improving prenatal health care in Indonesia. **BECAUSE I AM A GIRL: I CAN CHANGE THE WORLD** introduces children (grades six through ten) to the myriad issues facing girls and young women around the globe; everything from poverty, clean water, access to education, natural disasters, human trafficking (including sexual slavery), child marriage and rape, family planning, and gender discrimination are addressed "but gently, in a way appropriate for a younger audience. McCarney (who also penned **DEAR MALALA, WE STAND WITH YOU**) and Albaugh use the **Because I am a Girl Manifesto** as a jumping off point for their discussion; each declaration is brought to life with a profile of a young woman who has persevered in the face of overwhelming odds. The authors allow the women to speak for themselves, imparting a feeling of intimacy to the project. The stories are at once heartbreaking and uplifting; the many facts and figures sprinkled throughout, depressingly bleak "yet essential to elevating the conversation. The continued emphasis on improving the lot of girls and women for their families and communities sake niggled a bit "aren't girls deserving of basic human rights regardless?" even as I understood the need for it: incentivizing the issue for those who might not otherwise care. Nevertheless, **BECAUSE I AM A GIRL** would be a valuable addition to middle school libraries and classrooms. ** Full disclosure: I received a free electronic ARC for review through NetGalley. **

Much like **For the Right to Learn: Malala's Story**, **Because I am a Girl** stopped me in my tracks. Some books, even those meant for children, aren't meant to be read lightly. This is another one of those. The stories contained within this book are staggeringly powerful. It's easy to coast from trouble to trouble in your life, thinking you've got it so bad... and then you read the stories of these girls. Then you remember Malala. You realize how good you have it, and how horrible it is that not everyone has these basic rights. More than anything, it's the girls' tones of hope that make this so powerful and heartbreaking at the same time. These young women have been through an unimaginable amount, and what do they want? They don't want to sit and feel sorry for themselves. They want to learn. They want to help others. That is, quite frankly, amazing. This book brought tears to my eyes on 3 separate occasions, and made my heart clench from beginning to end. The statistics filled me with horror even as the stories taught me hope. I highly recommend it, and wish we could put copies in everyone's hands! Fantastic job by the collaborators. Disclaimer: I received a copy of this book free from NetGalley in exchange for an honest review.

Wow, this is an amazing book. The **Because I Am A Girl** initiative started by Plan International, is all

about girls making a difference in the world. The book is made up of the stories of girls from around the world dealing with issues of child slavery, orphans who get the leftovers, families with no money to put their girls in school, child marriages, poor healthcare etc. In each story, the girl triumphs. There are many facts about how education will solve almost all the problems in poor countries and that we need to empower the girls in these countries. Different programs are highlighted throughout. This is an amazing book that could be used in so many ways such as social justice programs. I received a copy of this book from Netgalley in exchange for an honest review.

I recently got this book at a United Methodist Women's district meeting and read it in 1 day. It was such an inspiring book and should be required reading for all girls. It was written well and the photos were wonderful. Even my 7 year old niece liked the book and told me that she wished all the girls in the book were treated nicer and she was going to pray for them.

This is a BEAUTIFUL BOOK which contains stories of inspiration & hope. I'm going to teach in Africa (adults), yet this "children's book" will inspire all ages!!

Very interesting. It paints girls in a good light.
