Business Organizations For Paralegals, Sixth Edition (Aspen College)

Synopsis

Business Organizations for Paralegals thoroughly covers all the various types of business organizations, providing a solid and up-to-the minute understanding of each entity. There is more in-depth treatment of Limited Liability Partnerships and Limited Liability Companies than in any other text, and an entire chapter is devoted to securities regulation. Designed for the paralegal student, Business Organizations for Paralegals relies on a clear and direct presentation, and each chapter includes features--both conventional and Internet-based--that help students prepare for real-life paralegal work. The massively revised Sixth Edition features new and updated charts demonstrating key principles of business organizations. The content reflects major developments such as the new social enterprises that combine profit-making with social good; the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010; new trends in corporate governance; and the impact of new algorithmic or high-frequency trading of stocks as well as the part it may have played in the Wall Street "flash crash" of 2010. Proposed revisions to securities regulations that would make raising capital easier for smaller companies (e.g. crowdfunding) is covered as well as the trend toward "reverse mergers" to avoid regulatory oversight. Other new topics include the continuing effect of the 2008 financial crisis, new constituency statutes, and new DB(k) retirement plans.

Features: thorough and up-to-date treatment of all types of business organizations the nature of the entity formation and dissolution tax consequences clear presentation designed for the paralegal student a section explaining the tasks performed by paralegals a guide to both conventional and Internet resources forms, discussion questions, and summary of key features useful exhibits, charts, and key terms more in-depth treatment of Limited Liability Partnerships and Limited Liability Companies than other texts an entire chapter devoted to securities regulation sample forms integrated throughout the text Web resources Practice Tips in each chapter Internet questions, requiring students to access websites they will use on the job Thoroughly updated, the revised Sixth Edition features: new social enterprises that combine profit-making with social good the financial crisis of 2008 and its continuing effects Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 new trends in corporate governance the SEC's notice and access rules e-proxy provisions selecting directors by majority rather than plurality vote new algorithmic or high-frequency trading of stocks and the part it may have played in the Wall Street "flash crash" of 2010 proposed revision to securities regulations to make raising capital easier for smaller companies, e.g. crowdfunding the trend toward "reverse mergers" to avoid regulatory oversight constituency statutes that require directors to consider more than pure profit new DB(k) retirement plans

Customer Reviews

The price was a great savings for the quantity of books I had to purchase for classes! I could look it up with the isbn #. Thank You!

I'm using this as a community college textbook - was required by the instructor. It is WELL worth the \$\$.

Using it this semester, I am doing well with it. Thanks Anne.

The rental textbooks from is extremely easy to use.

I Did not order this!! Why would order this on my behalf just because I viewed it. No confirmation for order was ever presented. What a scam. I will use Google for now on.

Needed for a course - the book holds a lot of information for a class at this level. Would use seller again.

I had to buy this for s class, but it's just ok. The explanations of concepts are clear, but the progression of topics seems a little disjointed and a lot of definitions and topics seem to repeat in chapter after chapter.

good book for class
