The Max Planck Encyclopedia Of Public International Law: Index

Synopsis

This index volume completes The Max Planck Encyclopedia of Public International Law, the definitive reference work on international law. It provides complete lists of not only all articles and authors contained within the ten volumes, but also full citations for every document referenced in each article; full tables of cases and legislation; and a detailed, analytical, A-Z index for the ten volumes. The Encyclopedia can be used by a wide range of readers. Experienced scholars and practitioners will find a wealth of information on areas that they do not already know well as well as in-depth treatments on every aspect of their specialist topics. Articles can also be set as readings for students on taught courses. The Encyclopedia will be a primary resource for all students and scholars of international law; counsel, judges, and arbitrators involved in international law cases; and government legal advisers.
