Druid Animal Oracle Deck

Synopsis

The Druids revered animals as sacred guides, guardians, and protectors. This beautifully illustrated deck and accompanying booklet draws from the wellspring of ancient Celtic tradition, bringing healing and offering intuitive knowledge. From the interpretations of the card spreads and the lore given, one will gain powerful insights and receive positive guidance for the future. The cards have been drawn using the principles of sacred geometry, a science of great importance to the megalith-building, pre-Celtic Druids, who employed it extensively in the building of stone circles. Each image incorporates the same use of a pentagram, circle and square. The border of the animal cards conveys a message in Ogham--the tree language of the Druids. The animals are presented in a sequence starting with the Blackbird, who stands at the Gateway, the Place of Beginnings, calling us to adventure and change. Journeying to the four other Oldest Animals of Stag, Owl, Eagle, and Salmon, we come to know animals that lead us deeper into the Otherworld, through a cycle of personal change that leads to turning to the outer world again, the empowerment of the four dragons and the concluding card of the Seal--the card of love and the necessity for choice in a world that is both joyous and challenging. The text presents a summary of the Druid, Celtic and native teachings, concerning twenty-nine animals and four dragons. In addition, there are three blank cards that can be used to draw animals that are personal to the reader. Use the cards as totems or turn to the oracle system provided by the authors. In either case, these Druid animals can provide positive guidance and insights into the inner dynamics behind events in our lives

Customer Reviews

"Somehow animals act as ideal symbols or images of our deepest fears and urges, or of those parts of our psyche which have been denied or repressed or simply neglected. By welcoming and loving the animals which enter our awareness through the Oracle, in dreams and meditations and reverie, we enrich our inner world and discover a way of personal growth that is completely in tune with the natural world." --the authors

The Druid Animal Oracle, created by Philip and Stephanie Carr-Gomm and illustrated by Bill Worthington, draws its wisdom from the ancient wellspring of Celtic tradition. The Druids, much like the Native Americans, revered animals as sacred guides and guardians. Featuring animals from both the Otherworld and this one, The Druid Animal Oracle provides healing power and intuitive knowledge from 33 sacred animals. This oracle does not encourage fatalism and prediction; rather, the powerful messages correct imbalances, provide advice on inner dynamics, and empower the querent to make--and create--more positive outcomes. In addition to 33 colorful cards, The Druid Animal Oracle comes with 3 blank cards for personal creation, a 176-page illustrated hard cover book, and a gorgeous reading cloth measuring approximately 20" X 23". The navy blue cloth can be used for spreads, and features exquisite silver embossing which includes likenesses of the four elemental dragons in the Oracle. The Guidebook that accompanies this deck provides both upright and reversed interpretations for each of the sacred animal cards, as well as the traditional lore of each--including the Gaelic name and pronunciation of the particular animal. Seven unique spreads are given in The Druid Animal Oracle, ranging from 1-9 cards.
