Customer Reviews

I have owned at least one tarot deck for over a decade, and this is my third deck. That being said, as recently as a few months ago I could give the meanings for less than half a dozen cards. The two decks I got first were simply not intuitive, they forced me to constantly consult the Little White Book. I realized that if I wanted to learn, I had to get something easier to read, something that calls more to me. Enter Shadowscapes. When I glimpsed the fuzzy sample images on Aeclectic it was love at first sight. I delighted in the availability of every piece of art on Ms. Law's website, poring through the pages and drinking in the fantasy worlds she had painstakingly created. I couldn't own a copy soon enough! My best friend didn't take long to buy this for me, insisting he give it as a gift, though he wasn't sure why. When I had the deck in my hands, complaints about card thickness and size seemed silly. The cards are the same thickness as my US Games Lord of the Rings deck, and thicker than my Lo Scarabeo Dragons deck. The full thickness is approximately one inch, but the cards feel like they won't bend at the slightest breeze. If you're worried, don't riffle your tarot deck. As for the size, yes, there are small details. Yes, they can be difficult to see. Use them as an

excuse to lose yourself in the cards! Each card is a portal to a rich, vibrant world of dancing faeries and hidden dryads. The subject of each card pulls you in and leads you through a story. Some of my favorites include the playful leaping river of foxes the Five of Wands must wade through, the lock and key just within reach of the chained woman beneath the hooves of the Devil, and the delightful innocence of the Six of Cups' tea party.
