# Smith-Waite Centennial Tarot Deck In A Tin

## Synopsis

The Smith-Waite Centennial Tarot Deck in a Tin is a faithful reproduction of the original deck created by Pamela Colman Smith in 1909 under the direction of Arthur E. Waite. This classic tarot deck features full pictorial scenes in the muted colors chosen by Pixie herself. The deck was first issued in 2009 by U.S. Games Systems as part of the Pamela Colman Smith Commemorative Set. The 80-card deck includes the standard 78 tarot cards plus 2 samples of Pixie's non-tarot artwork. Cards in this pocket-sized deck measure 2.25in x 3.75in.

## Customer Reviews

I love this deck! It's my first tarot deck and I couldn't be happier. The printing quality is fantastic, the images are clear and the colors harmonious. The backsides are very elegant and a very calming color that unifies the deck. The paper quality is also very nice, I feel like I will be using these for a long while. I'm glad this was the first deck I chose because the symbolism is very easy to recognize. The tin is also great, it snaps together cleanly and securely and protects the cards. My only criticism is with the information booklet--the instructions for the celtic cross are very confusing and inconclusive compared to the methods of my friends and tutorials I looked at online. I suggest you do your own research on spreads and the card meanings, as the booklet is tiny, confusing, and vague. It can lead to some pretty misleading interpretations. But this definitely does not take away from the beauty and quality of the cards!

This is one of my FAVORITE tarot decks!! And this is the only Rider-Waite deck I would love to use!

I love the size; I love the color of this deck- old fashioned; I love the fact that it is contained in a tin box so I can carry it around in my purse without worrying about bend the cards. Overall, a lovely Rider-Waite deck.

SUPER!!!! super-super))) very comfortable and a good size! ideal format!

Smaller and fit nicely in my hand. I actually taped them up on a foam core board as an exercise for Dusty White's excellent Tarot course.

I'm a sucker for card backs and I don't really like the plainness of this deck's back, but otherwise, great price for a great deck. The tin case is wonderful, I can toss it in my bag with no worries about the deck getting damaged (as this purchase was to replace an old Smith-Waite deck that was water-damaged). Great price, great deck, it's got some tea-stained look to the art that's a nice touch, as well.

Having used the standard US Games Rider deck for over 10 years, I was reluctant to try this Centennial version. It did not disappoint! The minute I opened the box and saw the cards I fell in love with the antique visual quality and matte finish. Stunning. My 2 Rider decks have become worn (but very easy to shuffle!) over the years, so shuffling this new deck is difficult with arthritic hands--thus I am ordering this smaller version in the handy tin. I just wish they also produced this commemorative deck in the "Giant" version size. I often pull a card from my Giant deck for the day and display it to give me guidance and inspiration. Hopefully they will expand the production of this deck to the Giant version as well.

I think these are just lovely! I like the simple design of the card backs and the colors used throughout the deck. I didn't like the freaky techno colors used in other decks I saw. The blue-gray color of the backs on these is lovely. I think the size is perfect for me, really close to normal playing cards size. And being able to put them in the tin and toss them in my purse pretty much rules! My purse is always full of all kinds of who-knows-what and I haven't had any trouble with the lid staying on securely. I needed a Smith-Waite deck because I am studying the cards to learn, this deck is perfect for that. If you don't need giant cards, and you don't need the colors to stab you in the eyeballs (distracting your intuition from reading properly), this is a very lovely deck! I would definitely recommend :)

I love this deck. The colors are excellent and the images are crisp with good color - not the over-saturation that plagues many other decks. The tin is an ideal place to keep everything. I greatly appreciated the extra two cards with Miss Pamela Smith's other artwork. It seems to be just a tad smaller than many other decks, but shuffling is not a problem for me. It's ideal for smaller tables.
