The Faeries' Oracle

Synopsis

Bring the insight, wisdom, and joy of the faeries into your life. Using the enchanted art of Brian Froud as your guide, enter into the wise and wonderful world of the faeries. The Faeries' Oracle calls on sylphs, pans, gnomes -- and, of course, faeries -- to lead you on a delightful journey of adventure, discovery, and enlightenment that will illuminate the future and heal the heart and soul. This beautifully designed divination set contains everything you will need to explore this mysterious realm, including: -A complete deck of 66 radiant cards by Brian Froud featuring goblins, moon dancers, pixies, boggarts, and other faery folk we first met in Good Faeries/Bad Faeries -208-page illustrated book with text by Jessica Macbeth, which will show you how to read the cards of The Faeries' Oracle, with particular instruction on personally connecting to and communicating with the faeries

Customer Reviews

Feeling connected with Faeries most of my life, they were pulling on my hair, telling me to purchase this. Being a big fan of Brian Froud's work on Good Faeries/Bad Faeries, and his other projects (Dark Crystal, etc) I really wanted to give this a try. When I received my order, I couldn't put it down. The book that comes with this deck is by the kindest-hearted person, Jesa Macbeth. Her words and wisdom will help you to produce the kind of results you are looking for. Each of the Oracle cards have it's own personality and feel. When you go through the deck, you will find faeries that you are drawn to and faeries that you are not drawn to. These are important to note to yourself. These

Oracle cards are not like Tarot cards. Tarot cards tend to be 'serious' and uptight. The meanings are harder to develop on your own. With these Oracle cards, the Faeries encourage you to laugh, sing, cry, do whatever you like. There are no rules, only that you feel comfortable with the cards and the message the Fae may be sending to you. Also, if you purchase these cards, or if you are curious to what more people think (who own the cards), you should check out the Faeries' Oracle e-group. ...Enjoy!!

I can't add much to the already raving and beautiful reviews, but I am so happy to own The Faerie's Oracle, this will be my second oracle to date, so I kinda knew what to expect. Please know that this isn't a tarot set as some may come to believe that oracle cards are -- oracle cards are more self discovery cards to pin-point events in your life that may be happy, troubling, what you may be thinking and not aware at the time etc. So really to bring the ideas to light and make you more intuned with faeries and the welcoming energy/information they may give you. The magic is in you as the author points out in the first few pages of the hardcover book, she is so right. The book goes on to learn you how to pick out your power cards, to learn what each card means, and to really ask HONEST questions about how you feel about the images etc. Having the book Good Faeries/Bad Faeries is not necessary, but if you do have this beautiful book as well, you can really get into understanding faeries as the author and Mr. Froud elegantly state. In all the oracle is telling you to really embrace and enjoy life to the fullest -- sing, dance, etc. as these acts brings faeries into your life. You will love this book/card set and will cherish it forever. Pixel dust is in this item for sure!

Whether you are a beginning oracle reader or an accomplished sage, you'll find this book and card set are a pure delight. The 200-plus page text by Jesa MacBeth skillfully weaves the reader into a faery tapestry of pure energy, divine spirits and absolute fun. For those readers whose experience has been limited to traditional Tarot, be prepared for an adventurous excursion into the enchanting world of faeries, including their incredible sense of humor! MacBeth's explanation of faeries, their world and their feelings about humans are an education for those of us new to their realm. If you feel some trepidation in launching into this oracle, don't! The book gently guides you every step of the way - - and believe me, the faeries will be cheering every step of your journey. The art work, of course, is superb. Froud fans will love the unique faces and garb of his oracle population. Of the many groups of cards, my absolute favorites were "The Singers of the Realms" - - abstract paintings which depict the most beautiful, life-filled energy you'll see in an oracle. I don't think there's a card in the deck I like more than "She of the Cruach" - - the Great Goddess of nurturing energy. When your

deck arrives, sit down with a cup of hot tea. a biscuit for unseen guests, and an open heart. This is one oracle you'll return to time and again - - it speaks directly to the heart.

I just bought the Faeries' Oracle today. I had been using a tarot deck for divination, but I can see that I may have a difficult time getting back to my tarot cards now that I have this Faerie Deck! The artwork on the cards is absolutely stunning! I really love it. Froud is a wonderful artist. The expressions on the faces of the faerie are so telling of what the card means. This is not like tarot, where you have to figure out what one man standing alone on a hill is supposed to mean. This deck is so much easier to interpret, especially if you want to make up your own meanings instead of going by the book's definitions. Jessica MacBeth gives a wonderful exercise in the beginning to teach you how to interpret a few cards. I was extremely impressed by the results I received by answering the simple questions she asked. I was able to make sense out of even the abstract cards! I have a lot of trouble doing this with my tarot deck. I won't give away the secret of what happens after you do this exercise, but I can tell you that it was wonderfully insightful. I was so impressed with the deck and book, I immediately joined Jessica's internet mailing list to discuss the deck with others. I highly recommend this oracle to anyone interested in divination, faeries, or if you just love Brian Froud's artwork! The combination of the three plus the wonderful book by Jessica MacBeth is really something else!! You won't regret buying this! :)
