Making Love To God

Synopsis

Because you do not accept what you are, an immortal being having a creative experience with body, you cannot find that which you seek so desperately. Your misteachings about sexuality and God keep you from integrating sexual energies with God energies in any meaningful way, and so the path to heaven on earth through blissful sexual union eludes you to a great extent. The sexual energies of the ego are leading you to a dark and dangerous precipice, and we wish to call you back - back to love and the loving, kind, fulfilling, and glorifying expressions of spiritual love, your true salvation. We are here to teach the way to divine bliss, and we know you are scared - scared to lie naked caressing your lover with rapt attention and honor. We know you are scared to kiss and kiss and connect, to feel such deep connection and pleasure that the ego starts to get very nervous, sensing the threat to the wellguarded and limited access to your heart that it deems to be safe. We have never seen more hurt and lonely people anywhere than on this planet at the moment. You are all in such a state that we have come from far and wide, from different times and places, to teach you how to relieve the deep suffering you are in. And indeed, it is in the bedroom, in your relationship to yourself, your lover, and God, that these hurts began. You cannot lead a passionless day and have a passion-filled night; it will not happen. Give love all day, and you will be guaranteed to receive love all night. The divine sexual experience connects you, God, and your lover - if you have one - together in a divine dance of bliss. - Ananda through Tina Louise Spalding Topics Include: How We Came to Misunderstand Sexual Energy Using Divine Sex Energy Specific Steps and Sensations Blocks to Transformation A Transformed View of Sex and Sexual Energy Following the Path to Transformation Reaping the Harvest

Customer Reviews

This book is not only enjoyable, it is also important. There were many things I found wrong in the books I have previously read about Tantra, or love in a spiritual context. I guess too many inherited misunderstandings have been repeated instead of just going right to the core for the information we need. There was not a single line in this book that I did not understand or felt was wrong. But it is also a very challenging experience to read it because it shows how simple and pure life can be and it is hard to see all the things we do wrong. I have been wanting to learn these things for long time and I'm very grateful for the many lessons in this wonderful book.

This book offered me a great deal of information and inspiration about love, sexuality and the culture in which we live and its problems regarding this subject. A must read for anyone who wants more passion in their life and wants to understand why this is such a powerful subject. I have read a lot of spiritual books. This is up there with the best!

I'm new to a different point of view concerning God. The title is not what I expected God to approve. I'm open to reading and observing others views concerning our creator. I'm half way through most of it is common sense. I hope for all to read and learn to make the world a better place.

I'm more than half way through the book, and I've already come to see that it is MUCH more than meets the Eye (referring to the Title). There's so much material relating to how we must open up to LOVE in general, and from what I've perceived so far, it starts first inside of ourselves. And in learning to love and have a relationship with ourselves we are also loving and developing relationship God and ALL other beings, and everything else that God Creates. It is then that we are prepared for the Bliss that is to be found in a Divine Relationship with God, others and ultimately demonstrated with a Loving Partner. And as far as the Word Sex is concerned...I've come to see it as Much More than an intimate physical act between 2 people. I have read in another very well known book that the word SEX can also be an Acronym for the Following: Synergistic Energy eXchange. And in what I've read so far, that concept would also seem to be validated here in this book as well.

This is one of the best studies I have ever undertaken. This writing best answered my questions about sex within spirituality. All of the content felt true and very loving to me. It will be a profound life changer for the diligent seeker on the awakening path. Thank you Tina and Ananda!

I love it that this book tells me where I am at in my consciousness in down to earth words. I can see myself without condemning or judging & needing to be defensive. This material & series of books is a gem

Essential reading legions of depth every one should have a copy

Fantastic book about self-empowerment.
