The Evangelical Universalist: Second Edition

Synopsis

Can an orthodox Christian, committed to the historic faith of the church and the authority of the Bible, be a universalist? Is it possible to believe that salvation is found only by grace, through faith in Christ, and yet to maintain that in the end all people will be saved? Can one believe passionately in mission if one does not think that anyone will be lost forever? Could universalism be consistent with the teachings of the Bible? Gregory MacDonald argues that the answer is yes to all of these questions. Weaving together philosophical, theological, and biblical considerations, MacDonald seeks to show that being a committed universalist is consistent with the central teachings of the biblical texts and of historic Christian theology. This second edition contains a new preface providing the backstory of the book, two extensive new appendices, a study guide, and a Scripture index.

Book Information

Paperback: 296 pages

Publisher: Wipf & Stock Pub; 2 edition (May 11, 2012)

Language: English

ISBN-10: 1620322390

ISBN-13: 978-1620322390

Product Dimensions: 6 x 0.7 x 9 inches

Customer Reviews

I, thus far, have read only a few books in favor of Christian Universalism as well as a few against it. There are good books in each camp although its difficult to find a book against CU that doesn't strawman the paradigm and resort to dismissive assertions such as saying CU appeals to the emotions, not considering it may be a valid appeal to the conscience. The author of this book is evidently a very humble man who could be much more arrogant and liberal considering the certainty he feels concerning the blessed hope. His arguments are not indisputable, as no one's beliefs are. Many disagree with him for many reasons. Most of which are probably much more emotional than they emotionally dismiss his assertions by labeling his reasoning as emotionally biased. He explains

how these people feel like they are standing up for God by defending the doctrine of endless torments. They feel like it is them and God against the world. They are on "God's side." He is not sure if he should applaud their loyalty or pity them. I think he leans slightly toward the latter. This book is very well written and well worth a second read. There are many highlights which I intend to expound on. He does an excellent job at writing a great book about a very sticky subject. Its not a popular thing to go against society's grain but the Bible definitely encourages us to test all things... especially orthodox (correct opinion). I look forward to going back over the different highlights in this book and writing pieces of my own. I have a dream that one day CU will be considered just as valid/acceptable of a paradigm as Calvinism and Arminianism. Indeed, it is the paradigm which mends all the tears the two paradigms above have caused throughout this age of grace.
