The Secret Teachings Of All Ages: An Encyclopedic Outline Of Masonic, Hermetic, Qabbalistic & Rosicrucian Symbolical Philosophy - Reduced Size Color

Synopsis

A Best Seller Since 1928 Over 1 Million Copies in Print Discover the Secrets within the Symbolic Figures, Allegories, Oral Traditions, and Rituals of Mankind. Twenty-Five Centuries of Wisdom This contemporary classic of ancient wisdom concentrates the time-tested jewels of mystical experience into one exemplary source. World-reknowned expert Manly P. Hall explores the inner sanctuaries of diverse religious traditions, revealing unifying themes that lie beneath ancient mythology, philosophy, and religion, bringing to light the arcane teachings held sacred by many ancient cultures. Wisdom you'll Cherish for All-Time Manly P. Hall's exhaustive research concentrates the teachings of nearly six hundred distinguished authorities on religion and philosophy, bringing to you an interpretation of the secret teachings concealed within the rituals, allegories, and mysteries of all ages. 9" x 13", 254 pages plus fifty-four symbolical color plates, foldouts, and an overlay. Includes 200 line art illustrations, extensive bibliography, and complete index.

Customer Reviews

Manly P Hall was a great scholar. I had the wonderful experience of hearing him lecture at his Philosophical Research Society in Los Angeles shortly before his passing in 1990. Having read classical and comparative philosophy and religion for many years, my impression - shared by my betters and many scholars - is you really cannot do better than this book. There are many editions available, even a paperback edition currently in many bookstores. If you appreciate Joseph Campbell but wish to pursue the more mystical side of religion, Manly P Hall is an excellent

resource. Whereas Campbell was a self-proclaimed "maverick" with no particular allegiance to any one form of religion, Manly P Hall was a thirty-third degree Freemason, and clearly sympathetic to the theory that in our ancient past there existed a system of mystery religions in which invocation of deities and angels was practiced and actually achieved. (Classic example, if memory serves, being Plutarch's tale of the invocation of the Neoplatonist Plotinus' guardian angel in the Temple of Isis in Rome by an Egyptian priest.) Hall breaks ranks with Christianity's declaring such entities to have been demons, and views them instead as our good buddies in the spiritual neighborhood. That said, to Hall's credit, he never minimizes the great perils of seeking gratuitous spiritual experiences. If you are sympathetic to "the old religions" and want a sympathetic scholarly accounting, it is hard to imagine how you could do better than purchasing and studying this book. If you are someone who believes in the Bible as the inspired word of God, you will have to come to your own conclusion whether Hall is worth your time, as he inevitably delivers a philosophical interpretation of the Bible.

The over-riding theme of Manly P. Hall's book is that the most basic secret teaching is that one should overcome your animal, lower, inferior nature of lust, hatred, and greed and become more spiritual, realizing that this world is an illusion, which isn't your true home, and your body is not your true self. By following the golden rule instead of the rule of gold, one can become enlightened enough to avoid ever having to come back to this awful world again. Wisdom is to be valued more than gold. If you do not attain such spiritual wisdom, you are doomed to repeat your experiences by reincarnating or you may experience hell or purgatory, according to some faith traditions. Hall criticizes modern times as being too materialistic. The more you focus on earthly desires, the more you become bound to it, the more misery you shall suffer here and after death. You should follow the urges of your higher self, the spirit and soul, which operate above you in the heavenly realms as your body stays upon on this earth while you learn your lessons. But as far as lust goes, Hall does not recommend that everyone become celibate, since if you are not particularly enlightened it would not be appropriate for you and may lead to neurosis. Hall goes over the symbolism of many esoteric traditions in this mostly interesting, but sometimes boring book. This is a big, long, thick book that is crammed with so much information it's hard to remember it all. A lot of the explanations of symbols gets tedious after awhile and I asked the question occasionally, "Why should this be important to me?" Especially dense was the sections on the Kabala symbolism. Hall also goes over Biblical symbolism as allegorical true, not literally true, and it is based on earlier pagan traditions.
