This book is brilliant with loads of insight to help teens develop their own personal walk with God.George writes in a warm engaging manner encouraging the reader to be proactive in their pursuit of a heart that marches to the beat of Gods drum!Each chapter is filled with helpful suggestions rounded off with with a challenging heart response, a practical "to Do List" to help motivate & a short bible study.I am presently working through this book with my 11 year old daughter & it's providing her with the tools to move on in her christian walk without me being there.

This is an awesome devotional type book to work through for teen girls if they want to know how God's Word says a young woman after God's own heart should be living. I think Elizabeth George did an amazing job with this book. Teaching girls my age to seek after God and follow His ways is

something that doesn't happen as often as it needs to be. This is definitely a great read.

I really enjoy this book because it really influences every part of a girl's life. You see, if you are ready for a book that challenges you in godly character in every part of your life, this is for you! I prefer books that cover a lot of ground!--and this is one of them. It is definitely an "All in One" book. I also appreciate how George wrote in many of the scriptures so you don't have to search around for a bible--makes it much more versatile--and you can feel like you can pick it up and start reading at any time. Very good. Blessings!

This book is amazing. I learned so much more about God's word and praying even after being a christian for eleven years. When I first got this book in my girls youth group I didn't think I was going to like it but I was wrong. Once I started reading it I liked it more and more as the further I got into it. Although it takes a while to get through a chapter you could split it up through the day. This book got me to want to have a closer relationship with God and it got me to want to spend time with God every day (not just because it's the right thing to do) This book made me want to look for other teen devotion books.

This is a great book for any Christian teen girl to work through. It is divided up into different sections that focus on purity, serving, etc. Each gives real life examples and discusses how teens can make a difference at school, home and church with their faith. George provides lots of information and helps teens to easily apply these concepts to their life. A lot of girls would benefit from this book! I have learned more from this devotional from any other I've read. However, some of the "work" in this book seemed like school. Readers look up a lot of scriptures and write a lot, and it's a bit irritating. I'm also surprised that George is writing a book for teen girls when she is much older. Sometimes I felt like she had unreasonable standards, was a bit old fashioned and was talking down to readers. (EX: She was telling readers to keep their rooms clean.) This is a better devotional for girls than most others out there, but still has its down points. Overall, though, girls will benefit from George's insights.

I gave this book to my 13 (soon to be 14 yro) daughter and she loved it. I read through it before giving it to her and really liked the issues addressed. We are working so hard on helping her to realize that, although the world is looking on outward looks, her real beauty is from within. She used this a devotional and has written in it - notes from her studies and notes to herself - those little

lightbulbs that have gone off. We've seen her changing and growing and the beauty we see on the inside is seeping through to the outside. This was able to convey our thoughts as parents, but as it is coming from someone else she absorbs it better. Love it and have recommended it to friends who have pre-teen and teenage daughters.

I am reading through *Woman After God's Own Heart*, which I so wanted to share with my son's girlfriend, very new and unsure of her faith, with absolutely no spiritual support from her parents. But "Woman" is very mature and deals with women more my age. I saw "Young Woman" here when I ordered another copy of "Woman" for a close friend. I'm excited about the book... I know some of these teens reviews are mixed, and one actually very harsh. I will say this to the young ladies out there... it IS possible to live purely and holy before God as a teen. I did it with peer pressure and all... I saved myself for marriage and have had a wonderful life. It was not and still is not always easy - even adults have peer pressure. My husband and I talk to our kids about EVERYTHING and don't "flowerize" anything. It is hard out there - but God requires integrity from us. Remember, Elizabeth George was a teen at one time and she raised teen daughters... the way she speaks is out of a heart of love for you and for the Kingdom of God. Philippians 4:8 says Whatever things are pure, true, just, lovely and of good report with VIRTUE and PRAISE - think on THOSE things. When I read the book with my daughter I'll come back to give my final opinion. Blessings!
