The stories are really well told and hold even our two year old sons attention for some time. It is a great value for the stories given in this set. It is hard to find something you trust to let your children hear and see these days. I am grateful some people still want to instill Godly values in their children and have made such available for those of us who have very high values and trust God as the source of instructions. I definitely recommend this for parents, grandparents, or anyone wanting a gift for a child. This is a great entertainment while travelling.

The collection of stories are wonderful and we enjoyed them as a family while driving around town and on vacation. Our 10 year old son enjoys listening to them on his own as well.

This is great collection of the Adventure in Odyssey stories. Though it does not include some of my favorite Episodes. Most of their episode selection wouldn't have been what I would have picked... but it's still a good thing to have in your Odyssey Collection.

We have not listened to these CDs yet but we have the AIO sets 1 through 7. This collection is a good way to get a little from each set since we cannot afford nor do we have the room to collect all of the sets (which go up to the 50's I believe). My 3 kids (ages 5 to 12) seem to enjoy them. The Magic Treehouse series and Lamplighter Theatre dramatic audios seemed a little more engaging, in my opinion, but these stories are wholesome and teach good, solid lessons. We listen to them in the car.

As always, AIO continues to be a great wholesome entertainment choice for children of all ages. I purchased this set for my Grandchildren ages 9-13, however, even the 1 and 3 year olds enjoy it. It is rewarding in this day and age to be able to provide Bible themed stories to my Grandchildren. They not only listen to them in the car, they each have CD players next to their beds and go to sleep listening to the stories. I HIGHLY recommend any of the AIO collections. I confess, I enjoy them too, and I'm 60!

These are some of the best "Adventures" (as rated by my now adult children) produced by "Focus on the Family". They are Christian & Traditional Values in a fun package that creates huge interest

in the characters and their adventures. We bought them for my granddaughter and expect that she will enjoy and benefit every bit as much as her mother and her uncles did. Of course this time around they are in CDs which are packaged really nicely.

I bought this for a six year old as a birthday gift and it was the best gift for her. She could listen to all of the stories and let her imagination take her away and at the same time take with her a positive message that is told in these stories. Well worth the price, great for the family and all age appropriate and was shipped well.
