# Cloak Of The Light: Wars Of The Realm, Book 1

## Synopsis

Drew is caught in a world of light - just inches away from the dark. What if...there was a world beyond our vision, a world just fingertips beyond our reach? What if...our world wasn't beyond their influence? Tragedy and heartache seem to be waiting for Drew Carter at every turn, but college offers Drew a chance to start over until an accident during a physics experiment leaves him blind and his genius friend, Benjamin Berg, missing. As his sight miraculously returns, Drew discovers that the accident has heightened his neuron activity, giving him skills and sight beyond the normal man. When he begins to observe fierce invaders that no one else can see, he questions his own sanity, and so do others. But is he insane or do the invaders truly exist? With help from Sydney Carlyle, a mysterious and elusive girl who offers encouragement through her faith, Drew searches for his missing friend, Ben, who seems to hold the key to unlocking this mystery. As the dark invaders close in, will he find the truth in time?

## Book Information

Series: Wars of the Realm (Book 1)

Paperback: 320 pages

Publisher: Multnomah (March 18, 2014)

Language: English

## Customer Reviews

Drew is a talented football player, who befriends the nerdy Benjamin Berg who introduces him to a whole new world of physics and a love of academics. But everything goes wrong when a lab explosion takes Drew's eyesight. But what Drew saw in the lab he can never forget. Soon after the

accident, Ben Goes missing, and Drew begins to recover his eyesight, but he is seeing things that he never saw before...Can Drew find out the meaning behind these strange invaders and save his friends before it is too late?A fast paced read that took me utterly by surprise!If someone had tried to explain to me what this book was about I would have said, "Uh-uh, not for me." Because honestly this book is akin to (forgive the geek in me) Doctor Who, in if you try to explain how wonderfully awesome this book is to them they will likely find you somewhat lacking in sense.I'm not usually up for supernatural thrillers, because far too often I find myself disagreeing with something to some degree or another making it pretty much impossible to enjoy, but this one was different. I fairly devoured every page of this action-packed read, that not only is well written with a fantastic, yet flawed hero, it brings to life the spiritual warfare that is a reality all around us. I love how in the back of the book Mr. Black talks about why he chose to represent spiritual warfare the way that he did along with scripture passages to back him up. I really felt that the author took the time and effort to meticulously go over the details in order to make this book as accurate an illustration as he could.Overall, this was a wonderful book filled with characters that make you want to cheer for them all the way through, one of my favorites besides Drew, was definitely Ben.

Brilliant. Literary genius at it's best - Chuck Black has come up with a plot so intricate and well thought out, and yet it directly concerns what's going on right now in our society regarding good and evil - we should all be aware of this stuff! Chuck Black has such a way of describing things- specifically fight sequences (which this book is full of!) -that is really easy to follow and creates an accurate mental picture; unlike so many suspense novels where I get totally confused trying to follow the characters actions on my mental "television screen".\*\*Spoiler\*\* This is one of the only Christian books I have read where by the end the main character still has not accepted Christ as their Savior. Also- there was NO closure! Everything was left open and Drew still has barely any answers to what he's been working on the entire time; and there are some characters that you've kind of lost track of that are a big part of the story. These things didn't bother me, however, knowing that this is book 1 and that book 2 is in the works. So I didn't totally freak out- but it did come as a bit of a shock when I finished the book and realized all that I wasn't able to figure out. :PI didn't know how I'd like the book, having fallen so totally in love with Chuck Black's Medieval stories- and this is such a different setting. And yet- it wasn't. It was still the same style of writing and even had all the cool "cloak and dagger" stuff- literally! :DDrew and Sydney made a really great hero/heroine duo! They put me a little in mind of Peter Parker and Gwen Stacy... but Drew Carter was way cooler!! highly recommend this to those who enjoy Christian suspense novels, and allegories.
