Once a celebrity takes Nicolae Carpathia's mark, the stakes are raised to reach those yet undecided. There are some characters killed in this book, that should not have happened. In the Left Behind kids series, there are sometimes characters that are significant for awhile, but then forgotten for a long time, which is quite frustrating. In this book there are a few that are seen again for the first time in a long time. It's nice to see them again. Like the main series, the Left Behind kids series is based on Biblical prophecy. But there are things that they sort of treat as prophecy, but are not found anywhere in the Bible, to my knowledge at least. A good example of this is the character Micah who comes along in this book, just like in the main series.

I'm reading through the whole series on Kindle and this one is not on Kindle. WHY NOT? I know this isn't a review, but I've been enjoying this series and am annoyed to have to stop and move on to something else without finishing this.

I enjoyed this installment immensely even knowing most of what would happen from the adult series; it's still from an entirely different point of view with different details. Reading them together is a blessing to the younger people to whom I get a chance to witness.

I have read this series and the adult versions multiple times. They will make you cry, laugh, wonder, leave breathless and bring you closer to the Lord. Highly recommended read for all ages. A little pricey though. I want to read the adult version again, but not going to buy them a third time.

Am very, very disappointed three books in the Young Tribulation series are not available for Kindle. I have read all of the books so far on my Kindle & when I got to Deceived discovered these three, "Deceived, Hunted, and Arrived are not published in Kindle edition. It is strange because Protected is available for Kindle and in falls between Deceived & Hunted. Now I have to switch from Kindle to paperback! I was so hoping to purchase the whole series and store in on my Kindle! Please, please release to Kindle. Thank you!

Would like this book for my Kindle reader. Found ebook format under publisher Tyndale but cannot seem to purchase it.

I bought this book for my daughter, she seems to be enjoying the series. I know I enjoyed the adult version of same series. Very happy with our purchase, will be buying more when ready for next book.

Finally received item after over a month's waiting period. Great book, but disappointed by service. The series is great and recommend for most ages.
