Customer Reviews

I got this for a road trip and WOW!!!! Me and, suprisingly, my teenage BROTHER spent hours figuring out these topsy-turvy puzzles, riddles, et cetera. I recommend this to any girl 10 and up whos' going on a trip or just has too much time on their hands. It'll take a long time, so road trips and hotel visits are PERFECT for this puzzle book by the American Girl Library. I also recommend another puzzle book, WHAT A GIRL LOVES, for any traveler. Its just as much fun!!!

This book is an absolute boredom buster! It is perfect for any place and any time- great to do in the airplane or waiting at the dentist's office or even just at home! It contains 117 pgs of many interesting & fun puzzles, some very challenging, some simply easy. Even though the age range given is 9-12 years, a lot of the puzzles are hard even for an adult!! I loved solving the puzzles in the book and sometimes I did them together with my mom & dad! Even though it has quite a lot of puzzles, it is very addicting and mine is already done so I'm going to be buying the other American Girl puzzle book- "What a Girl Loves"..I dont know if it'll be as good or not but all I know is Brain Waves is definitely a book a girl will love!!

This book is great.It has lots of fun games including crosswords, wordsearches, tounge twisters,

and much more. It is a ton of fun, and you can do it almost anywhere (or at least anywhere you take your brain). It's soooooo good. I TOTALLY recommend Brain Waves.

Just about the 10th time you heard "Are we there yet?" from the back seat of the car, you'll be glad that you remembered to pack a copy of Brain Waves by American Girl! Once your bored passenger opens the pages of this fun and fascinating spiral-bound volume, you may not hear from her/him again 'till you arrive at your destination. Why didn't you think of it earlier? There are hints along the edge to help solve the puzzles and the answers are in the back in case no one can figure it all out. There are great illustrations, as well. Brain Waves is also great for sick-in-bed days, or any time you need something extra-diverting to really pass the time well. Recommended.
