Customer Reviews

This volume seems to be one of the favorites of Chip Hilton fans everywhere. The forces of evil mobilized against Chip are particularly bad and the final scene actually a bit violent (well, at least by the standards of fifty years ago). Read and see how far we, as a people, have fallen in half a century. Of course, better still, read the original. The current edition has been updated to satisfy the dogmas of feminism and the cliches of youth culture. Gosh, doesn't anyone get that it was those very forces which destroyed the world of Chip and Coach Rockwell and gave us America of 1999?!

In his final year of high school Chip Hilton, All-State quarterback, is ready to lead his veteran Valley Falls High School team to a second straight championship. Tragedy strikes when coach Henry Rockwell is hospitalized and is fighting for his life. One of the towns leading citizens and the head of the school board conspire to oust the "Rock". They bring in an unscrupulous outsider and install him against Rockwell's recommendation. He quickly causes disharmony and chaos on the team. Hilton is suspended from the team several times. The way that Chip deals with adversity and fights back, makes great reading. It also teaches excellent values to young folks. A must read for Chip Hilton

fans

I have read just about all of the 20+ volumes in the Hilton series and this has always been my favorite. In addition to being good sports stories, Chip always had to overcome some evil forces to triumph in the end. The evil is so strong in this story, that I want to punch the air in satisfaction when Chip wins out - no matter how many times I have read the book. If you are new to the series, however, I would suggest you start with the first story - "Touchdown Pass" - and go from there.

The Chip Hilton Sport Series are great reading for children. Our son has the entire series and he truly enjoys them. The product came in the great condition and I would order from this seller in the future.

one of many Chip Hilton books I read as a child. giving to our grandson for Christmas. very satisfied with complete transaction.

A Pass and a Prayer is a great book to read for all sports fans. It's fiction, but it's realistic fiction. Also, if you like this one, you should read the rest of the series by Coach Clair Bee. This book is number 5. It's also about high school football. So, if you go to high school football games and enjoy them, you will probably like this book. As you can see, this book is great for sports fans. Especially football fans!
