Bears: Black, Brown & Polar Bears (Wildlife Appreciation)

Synopsis

Professional naturalist, wildlife photographer and author Stan Tekiela explores some of North America's most desolate areas, pursuing smart, powerful and resourceful creatures: bears. With his instinct for being in the right place at the right time, Stan utilizes rare opportunities to capture some of the most compelling images of his career. Through this book, you can enter the world of these powerful creatures through stunning photos and personal anecdotes from Stan's journeys into the wild. Share in his travels and develop a new appreciation and respect for bears.

Customer Reviews

Great pictures. Very interesting and informative text. I learned a lot about the bears that live near us when we are at the lake: their habits, their lifespans, geographic ranges, etc.

This whole series is awesome! Stan Tekiela's photography is amazing and the books are very informative and interesting to read.

My daughter loves it
