# Dance Divas: The Dance Series (Book #2)

### **Synopsis**

â œMrs. Howser, I cannot stress how important this is. If she dances on her ankle the way it is right now she can make it worse. We donâ ™t even know if itâ ™s just a sprain. It could be a fracture or a torn ligament. Continuing to put extreme pressure on it with dance can even cause permanent damage. Is one solo in her life really worth that?â • Dance Divas follows Kelsi from â œTutu Muchâ • back from the summer ballet intensive and into her competition season. Her best friend, Avelyn, hardly recognizes her new toned, technique obsessed friend. And Sabine will stop at nothing to win with her solo, even if that means breaking all the rules. Bailey has a new best friend which leaves Kelsi wondering if she fits in at all anymore. You wonâ ™t stop to mark your page, â ˆcause this oneâ ™s full out!

#### **Customer Reviews**

A sequel to Tutu Much, this book provides the same quality of story and life lessons, again without being preachy or overbearing. Kelsi, from the first book, is back from her summer ballet intensive, and resumes dancing at her old studio. Rivalries and typical teen-girl drama flares as the girls try and learn new dances, incorporate the new girl, and deal with full schedules, competition, and sometimes overbearing parents. The characters in this book deal with peer pressure, bending the rules, balancing school and hobbies, cliques, trying to fit in, and the constant pressure to be skinny and perfect. They make mistakes along the way, but lessons are learned by all as the story progresses. I think this book is great for any young girl who is interested in dancing - like the previous book, girls will enjoy the story, and parents will enjoy the positive messages it conveys.

This book is one in a series, I have read the other two books: Tutu Much and Tap In. I enjoyed this book just as much as the other two books. The author does a really good job writing about young girls with dreams and aspirations and how it takes dedication and determination to achieve those dreams. Along the way you may run into some issues such as peer pressure, overbearing parents, very competitive peers etc but in the end what is most important is how you handle yourself. I think these books are great for young people to read.

Dance Divas tells the story of Kelsi at her competition studio. The dancers prepare dances for competition and then go to competition. I like the realistic stories and there is even a mom who reminds me of The Dance Moms! I want to read them all now.

it was really good being a former dancer myself it really brought out the Side of me that I don't experience often.
