Customer Reviews

I was studying an undergraduate module in Judaism and found it very helpful and accurate. I also bought the Book of Jewish Belief which was also very good. It is perhaps a little old, but still relevant.

I purchased this book at the suggestion of a Conservatively trained rabbi to assist a friend with conversion studies. I find the text and particularly the photos to be so antiquated and dated that they do a disservice.

One of the greatest of all scholar- teachers of modern Jewish life here provides a fundamental guide to Jewish Practice.
